

I have been watching advertisements for upcoming movies that is on regular over the air tv. Channel 45 and 7 out of Dayton, Ohio. I have a 7 year old also. My problem is that the commercials for horror movies is way to graphic for the time they are being shown. They usually start at 8 P.M. or so. These clips shouldn't be aired until after the 11 P.M. news is over or change what they show!!
