

How far down into filth does America have to go before enough is enough? There are more than enough 3/4 naked bodies on tv without taking that final step. I do NOT want to have to look at a man's genitalia hanging there in front of me. WHAT does that add to a story line, pray tell? It is done merely to titillate and shock. Are you going to portray naked young people, too? I'll bet the pedophiles will love that.

As for language, if I go out of my way to avoid saying F\*\*\* and sh\*t, why should I have to listen to it on television? Let these darned writers make up for their lack of vocabulary by leaving the industry.

Protect our children, protect our old people, protect ME--hold the line on profanity and nudity on tv. Believe me, it's already bad enough.
