

I received multiple calls from a company that introduced themselves as payday loan. Each time they called I asked them to remove me from their list as I am not interested in doing business with them.

The 2 most recent calls were from:

708-918-1320 at 12:21 PM on 07-18-2013

708-916-1429 at 1:30PM on 07-16-2013

As well as multiple other calls, that I do not have specific times and dates on. The call that took place on 07-18-2013 at 12:21 PM I again asked to speak with a manager. The person stated a manager wasn't available. I then asked for a call back number to reach the manager and they basically said bye and hung-up on me.

They have not responded to my request to remove me from the list and they also refuse to allow me to speak with management to be removed.
