WC Docket No. 03-109 - Lifeline and Link Up  
CC Docket No. 96-45 - Federal-State Joint Board on Universal Service**

Dear Ms. Dortch:

On July 18, 2013, Javier Rosado, Senior Vice President, TracFone Wireless, Inc., Nicholas Bonfiglio, also of TracFone, and I met with Matthew Quinn of the Office of Strategic Planning and Policy Analysis, Maya Uppaluru, Attorney-Advisor – Private Initiatives, Radhika Karmarkar, Deputy Chief, Telecommunications Access Policy Division, Wireline Competition Bureau, and with Garnet Hanly, Jonathan Lechter, Jay Schwartz, Michelle Schaefer, and Anita Patankar-Stoll, all of Telecommunications Access Policy Division, Wireline Competition Bureau. The purpose for this meeting was to discuss with Commission staff TracFone's coordinated efforts with various private and public health care providers as part of its offering of its SafeLink Wireless® Lifeline service. We described how TracFone has entered into agreements with several health maintenance organizations (HMOs) as well as with a state government to enable TracFone to access the HMOs' and the state's databases of enrolled Medicaid recipients. We also discussed a program which enables qualified Medicaid enrollees to utilize their wireless devices to communicate with their health care providers, including the HMOs and how this program has improved health care to consumers, and reduced the health care costs borne by HMOs and state governments.

Pursuant to Section 1.1206(b) of the Commission's rules, this letter is being filed electronically. If there are questions, please communicate directly with undersigned counsel for TracFone.

Sincerely,

Mitchell F. Brecher
