Re: Notice of *Ex Parte* Presentation
MM Docket No. 99-25 – Creation of a Low Power Radio Service

Dear Ms. Dortch:

On Tuesday, July 23, 2013, Brandy Doyle and Sanjay Jolly of the Prometheus Radio Project, along with Laura Moy and Eric Null of the Institute for Public Representation (collectively, “Prometheus representatives”), met with Matthew Berry and Joshua Cox of Commissioner Pai’s office. Prometheus representatives expressed their appreciation for Commissioner Pai’s support of a timely low power FM filing window. To provide clarity and certainty to applicants, they asked that the Commission act quickly in releasing the forthcoming Order on Reconsideration. They also explained the demand for low power licenses, discussing the range of community organizations who have reached out to Prometheus for information about the FCC’s application process.

Respectfully Submitted,

/s/

Brandy Doyle
