To Whom it may concern,

I would like to correspond to the FCC's request for comments on possible changes to its broadcast decency policies that are due May 20, 2013. I oppose any changes to the broadcast decency standards that have been enacted by Congress. The FCC should not weaken ANY instances of profanity or nudity, especially during "Family Time." The Supreme Court has recognized the FCC's authority prohibiting indecency during hours when children may be watching.

Please do everything in your power to protect children and relaxing your standards will only lead to more vulgarity and sexuality on television and radio. Let's do all we can to safeguard the lives of the innocent children.

Thank you for your attention to this matter.

Sincerely,

Priscilla Kelley
