

SUNTRUST BANK continuously calls early morning, daytime, evening and during the night. I am paying each month to SUNTRUST what I can afford. SUNTRUST is harassing my husband, who is not well, and myself. The number they use is 877-864-0197. I have also written to SUNTRUST about this matter but they refuse to stop the harassment with the telephone calls. SUNTRUST was one of the banks ready to go under, but was bailed out by our federal govt. I would like to get bailed out also. Our capitalistic system has a mechanism when one fails (1) close business (2) bankruptcy Why was this "Mafia" bank bailed out as well as the others? Our system is not working in the manner in which the founding fathers expressed in written form. Stop SUNTRUST BANK from harassment.
