PETITION

We, the undersigned, urge the Federal Communications Commission to take immediate action against media violence and its impact on children, adults, and our society as a whole. Violence disrupts a child's learning process and can alter the moral beliefs of that of an older person. What we see and hear affects our perceptions and behavior.

Many studies show that violence on television actually leads to aggressive, violent behavior in the world, most prominently through imitation.

Please clean up the excessive and increasing amount of violence in America's media marketplace.

P E T I T I O N

We, the undersigned, strongly urge the Federal Communications Commission to stop airing vulgar, disrespectful and unnecessary commercials. All commercials of sexual content should be removed from airing on all channels of television. The FCC has allowed these sexually provocative commercials to contaminate family viewing time. Where has this Country's morality gone?

We call on you to stop the profit-driven interests of the sex industry ahead of the health and well being of every American, and especially our younger generation as they are at such an impressionable age.

Also, Networks, namely AMC, should clean up their programs such as "The Walking Dead" etc. What a waste.

Come on FCC - We're calling on you to implement stricter laws and guidelines regarding undesirable television advertising. We need thorough and immediate revision.

To Those in Charge,

We Do Not want nudity
and profanity in Prime Time
TV.

Those who choose shows with
this can get HBO or some
other channels that already
have nudity and profanity,

There isn't much left for
family TV these days.

Our children Do Not need

a steady diet of images and
cusswords.

Even the funny paper has found
programs sliding down hill,

If you allow nudity and
more degrading profanity to
the TV world, it could
kill what's left for families
to watch together.

So... NO! We do not
want or approve of nudity
and profanity in our
TV programs.

Thank you,
Charles + Margaret McCarley
