

FRONTIER COMMUNICATIONS CAF PHASE 1 ROUND 2 CENSUS BLOCK CHALLENGES

CHALLENGED PROVIDER: Startouch Broadband Services

Frontier Communications respectfully challenges the National Broadband Map's depiction that Startouch Broadband Services can provide at least 3 Mbps download/768 kbps upload to the Census Blocks listed below serving Quincy, WA. Frontier has obtained 43 statements of Quincy, WA residents stating that they cannot obtain broadband at speeds of 3Mbps download/768 upload from Startouch Broadband Services. Those statements are attached for your review.

Accordingly, because Startouch Broadband Services does not offer the requisite broadband speeds nor does it cover the challenged census blocks, Frontier requests that the FCC designate the blocks listed below as eligible for CAF Phase I incremental funding.
