

FRONTIER COMMUNICATIONS CAF PHASE 1 ROUND 2 CENSUS BLOCK CHALLENGES

CHALLENGED PROVIDER: PocketiNet Communications, Inc

Frontier Communications respectfully challenges the National Broadband Map's depiction that PocketiNet Communications, Inc. can provide at least 3 Mbps download/768 kbps upload to the Census Blocks listed below serving Plymouth, WA. As per the snapshot of the company's website provided below, the company does not list Plymouth, WA as a community served. Further, and even more compelling, Frontier has obtained statements of Plymouth, WA residents stating that they cannot obtain broadband at speeds of 3Mbps download/768 upload from PocketiNet Communications. Those statements are attached for your review.

Accordingly, because PocketiNet Communications does not offer the requisite broadband speeds nor does it cover the challenged census blocks, Frontier requests the FCC to designate the blocks listed below as eligible for CAF Phase I incremental funding.

Declaration of Limited Available Fixed Internet Access Service

I, Arena M Soyatt, affirm that I reside or conduct business at the address provided below. I affirm that I currently do not have fixed Internet access services¹ with speeds of at least 3 Mbps download/768 kbps upload available to me at the address provided below. I believe that **PocketiNet** cannot, to the best of my knowledge, provide fixed Internet access service of at least 3 Mbps download/768 kbps upload to my address because I have tried and failed to obtain fixed Internet access services of those speeds at this location. I understand that Frontier Communications will submit this affirmation to the Federal Communications Commission in order to demonstrate that **PocketiNet** does not provide fixed Internet access services of 3 Mbps download/768 kbps upload to my address.
