

I have been contacted via phone by a company by the name of EOSCCA, number 877-272-8497, since approx. May of 2013 every day at 8:09 a.m. Monday thru Friday. It's recording tells me it is a credit collection agency. When daylight savings time occurred, the calls continued but got additional calls at 9:34 a.m. and at 11:30 .am. Over time the calls only continued at 8:09 a.m.

On July 30, 2013, I called the 877 number and got another recorded message to call 800-205-1400, which I did and left a message that I was not interested, my phone number was on the "Do not call"list and do not call again.

Currently I am still getting the calls at the same time but days have been altered. I got one today but not yesterday.

Hopefully, this contact will alleviate the problem. Please call, if additional information or effort on my part is necessary.

Thank You,

Chris
