

Regarding Applications of AT&T and Atlantic TeleNetwork (13-54) with

FCC and AT&T Leap Wireless Cricket Transaction (13-193):

As if AT&T's attempted takeover of the Atlantic TeleNetwork was not bad enough (buying up the remaining pieces of AllTel Wireless) that Verizon Wireless was forbidden from acquiring in its merger they want to acquire Leap Wireless (Cricket). I say combine merger reviews for both transactions and suggest denying both or at the very least denying the Atlantic TeleNetwork deal and conditionally approving the Leap Wireless deal or vice versa.
