Program for Schools and Libraries )

**COMMENTS BY HOPE ELEMENTARY SCHOOL DISTRICT  
RELATED TO THE E-RATE 2.0 NOTICE OF PROPOSED RULEMAKING**

Hope School District is located in Santa Barbara and is comprised of three elementary schools: Hope Elementary School, Monte Vista School and Vieja Valley School. Our enrollment is approximately 1010 and serves students from all ranges of socio-economic status.

We hate to see schools go backward. We understand we need more bandwidth, but also depend upon the funding for telecom services. We would encourage additional funding on top of the current funding rather than reduce current eligible funding to raise money for more bandwidth.

Respectfully submitted,

Sandra Doria  
Business Manager
