As compared to the largest national  
cable providers. 2012 American  
Customer Satisfaction Index.

Are you trying to decide between cable TV and satellite television? Both have their benefits, but you'll find satellite TV is the way to go. Satellite television growth is growing rapidly with 1 in 4 homes having DIRECTV. With Satellite TV Omaha Nebraska, you'll receive 100% digital quality and better reception across the channel lineup than cable TV.

In terms of pricing, satellite TV deals allow customers to receive more channels for a much lower price. Satellite TV Omaha NE offers more for your money for HD, premium, and Pay-Per-View channels. Unlike cable TV companies who change their pricing on a regular basis due to the costs of laying new cable, satellite television pricing rarely changes.

Unfortunately, with cable TV, only homes within a certain distance to providers receive reception. There are even some areas of large metropolitan cities where cable TV is not available. On the other hand, DIRECTV from USDirect is available anywhere, as long as the dish is set up in a place where there is a clear view of the southern sky. This is especially convenient if you live in a rural area.

DIRECTV has rated higher in customer satisfaction over cable TV companies for eleven years according to the 2011 American Customer Satisfaction Index. Make satellite your choice and buy DIRECTV today by calling your DIRECT TV Omaha Nebraska Authorized dealer
