Dear Ms. Chairwoman,

Several of my constituents have contacted my office to express their concerns about recent Federal Communications Commission (FCC) proposed rule changes regarding allowable nudity and profanity on television and radio. It is my belief that consideration should be given to ensure that FCC proposed rules uphold strong decency standards in our society. Please find a copy of my constituents' correspondence enclosed.

Thank you in advance for giving these concerns every possible consideration.

Sincerely,

We, the undersigned, urge the FCC to reject the new proposed rules on allowable nudity and profanity on TV and radio. If people want to watch that garbage, that's what cable channels are for. Do these people not have any morals? All they care about are the ratings. This kinda crap has a lot to do with today's society and the way we treat each other. For God's sake bring back God and morals to this forsaking country and stop destroying it!!!!!!
