**Re: Connect America Fund, Phase I Round 2 (“CAF”);
WC Docket No. 10-90;
Merrimac Communications Ltd.;
Challenge to Frontier’s Elections for 550219706001112 census block in Wisconsin**

Dear Mrs. Dortch:

Merrimac Communication Ltd. submits this letter to challenge Frontier’s election to receive CAF funding in areas that we serve. Consistent with the Commission’s goals, CAF support should not be available to fund overbuilds of areas that are already served.¹

Background. On August 20, 2013, Frontier submitted a letter to the FCC with a list of census blocks where it proposes to deploy broadband-capable infrastructure with CAF support.² The Commission required carriers to make their elections based on the areas shown as unserved on the then-current version of the National Broadband Map (“Map”).³ The Map, however, incorrectly identified as unserved the 550219706001112 census block listed on Exhibit A.

¹ *In the Matter of Connect America Fund*, Report and Order, 28 FCC Rcd 7766 ¶¶ 28 (rel. May 22, 2013) (“CAF Challenge Order”) (concluding that the challenge process will “improve the accuracy and efficacy of a second round of Phase I support, allowing support to be appropriately targeted to unserved areas consistent with [the Commission’s] overarching goals for Phase I.”); *see also*, *In the Matter of Connect America Fund; A National Broadband Plan for Our Future; Establishing Just and Reasonable Rates for Local Exchange Carriers; High-Cost Universal Service Support; Developing an Unified Inter-carrier Compensation Regime; Federal-State Joint Board on Universal Service; Lifeline and Link-Up; Universal Service Reform – Mobility Fund*, Report and Order and Further Notice of Proposed Rulemaking, 26 FCC Rcd 17663 ¶¶ 20 (2011) (“The CAF will help make broadband available to homes, businesses, and community anchor institutions that do not, or would not otherwise, have broadband ... [and] will rely on incentive-based, market-driven policies, including competitive bidding, to distribute universal service funds as efficiently and effectively as possible.”).

² Letter re: Election of 2013 CAF Support, WC Docket No. 10-90, from Michael Golob, Senior Vice President, Frontier] to Marlene Dortch, Secretary, Federal Communications Commission (August 20, 2013) (available via Electronic Comment Filing System) (“Frontier Election Letter”).

³ 47 CFR § 54.312(c)(5); CAF Challenge Order ¶¶ 29.

Merrimac Communications, Ltd.

327 Palisade St., PO Box 40, Merrimac, WI 53561
608-493-9470 • (f) 493-9902 • bart@merr.com

Challenge. Accordingly, we submit this challenge to show that the census block on Exhibit A is in fact served by an unsubsidized provider Merrimac Communications Ltd. with fixed Internet access with speeds of 3 Mbps/768 kbps or higher.⁴

Documented Evidence in Support of Challenge. In support of our challenge, we submit the following documented evidence⁵:

- Exhibit B: A signed certification from Merrimac Communications Ltd., President, Bart Olson under penalty of perjury that Merrimac Communications Ltd. offers 3 Mbps/768 kbps fixed Internet service to customers in the census block listed on Exhibit A.⁶
- Exhibit C: Customer bills (redacted to preserve customer privacy), identifying the census block each customer resides in as well as the advertised speed tier the customer subscribes to.⁷

Conclusion. Accordingly, Merrimac Communications Ltd. serves the census block listed on Exhibit A with fixed Internet access with speeds of 3 Mbps/768 kbps or greater. The Bureau should deem this block as served for purposes of CAF Phase and determine that Frontier cannot meet its build-out obligations under CAF Phase I by deploying to this block.⁸

Sincerely,

Bart Olson
President

⁴ 47 CFR § 54.312(c)(7); CAF Challenge Order ¶ 32 (allowing challengers to demonstrate that the block is in fact served by fixed Internet access with speeds of 3 Mbps/768 kbps).

⁵ CAF Challenge Order ¶ 33 (requiring all filings in the challenge process to be supported by documented evidence).

⁶ *Id.* (citing an officer's certification as evidence the Bureau may consider in a challenge).

⁷ *Id.* (citing redacted customer billing records as evidence the Bureau may consider in a challenge).

⁸ 47 CFR § 54.312(c)(7) (if the Bureau determines that the "evidence presented makes it more likely than not that the census block should be designated as served by broadband with speeds of at least 3 Mbps downstream and 768 kbps upstream," the locations in that block will be treated as served and therefore ineligible to be counted towards the carrier's deployment obligations).

Exhibit A
Census Blocks Served by Merrimac Communications Ltd.

Merrimac Communications Ltd. serves the census block below with fixed Internet access with speeds of 3 Mbps/768 kbps or higher.

Incorrectly designated as unserved.

550219706001112

**Exhibit B
Officer's Certification**

1. My name is Bart Olson and I am President of Merrimac Communications Ltd. I certify as follows.
2. Merrimac Communications Ltd. offers fixed Internet access with speeds of 3 Mbps/768 kbps to customers in the census block listed on Exhibit A.
3. I certify under penalty of perjury that the facts contained in this Officer's Certification and in the challenge letter are true and correct to the best of my knowledge, information, and belief.

A handwritten signature in black ink, appearing to be 'B. Olson', written over a horizontal line.

Bart Olson
President
