To Whom It May Concern:

I'm writing to explain the hardship my family and I deal with because of the Michigan Department of Corrections and Global Telling high phone rates.

I try to stay in touch with my family as best as I can, but it is becoming impossible. I have a wife that stays in New York, I have a sister that stay in Illinois and the out of state phone rates are outrageously high!! Then I still have to call my Mother every (3) days, or she will worry. The MDOC and POS are putting a heavy burden on me and my family and are unlawfully robbing innocent people of the State of Michigan of their liberties. This is totally unfair to tax only the imprisoned and their families to pay for equipment that is the responsibility of the State.

Thank You, for your time and considering this matter. Hopefully a full investigation will take placed.

Respectfully, Mr. Mario Gray #684051
