**The Deerfield-Farmers' Telephone Company's demonstration of complying with applicable service quality standards and consumer protection rules:**

In establishing this certification in its *2005 ETC Order*,<sup>1</sup> the FCC found that an ETC must make “a specific commitment to objective measures to protect consumers.”<sup>2</sup> The Commission found that for wireless ETCs, compliance with CTIA’s Consumer Code for Wireless Service would satisfy this requirement” and that the sufficiency of other commitments would be considered on a case-by-case basis.<sup>3</sup> In this context, the FCC stated, “to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement.”<sup>4</sup>

The Deerfield Farmers' Telephone Company (“Company”) hereby certifies that it is complying with applicable service quality standards and consumer protection rules. The Company is subject to consumer protection obligations under state law. These obligations include, but are not limited to, the following: (1) filing a Local Exchange Tariff pursuant to the requirements of The Michigan Public Service Commission (MPSC), as specified in Section 202(b) of the Michigan Telecommunications Act (MTA) and MPSC Case No. U-11103, which disclose rates, terms and conditions of service to customers; (2) adherence to Michigan state consumer protection requirements governing

telephone providers which include Quality of Service rules, Prohibitions as identified in Sections 305 and 502 of the MTA, Costing Procedures as determined by the MPSC in Case No. U-11103, and Compliance with Anti-Slamming Procedures as adopted in MPSC Case No. U-11757 and Case No. 11900; (3) truth-in-billing requirements; and (4) CPNI, Red Flag Rules and other applicable federal and state requirements governing the protection of customers' privacy.

Regarding the consumer protection rules the Company's efforts include, but are not limited to, the following: (1) adopting a CPNI Compliance Manual, conducting employee CPNI training, and providing access to the CPNI rules in all CSR offices; (2) supplying each new customer with an informational pamphlet outlining their rights and the Company's responsibilities for services; (3) Do-Not-Call information is provided to all subscribers via annual notifications, information in the Company's telephone directory, and by the Company's Customer Service Representatives (CSR's) when customer's call into the office with complaints; (4) the Company has an identity theft program in place under the Federal Red Flag rules, as part of this program all potential customers undergo a credit check which is reviewed for discrepancies as a means prevent identity theft; and (5) the Company notifies existing and potential customers of the Lifeline program, via information provided on the Company's website, in the telephone directory, on posters hung in the office windows, informational pamphlets included in new customer kits, and CSR's discuss the program with anyone calling or visiting the Company's office.

**The Deerfield Farmers' Telephone Company's demonstration of ability to function in emergency situations:**

The Deerfield Farmers' Telephone Company ("Company") hereby certifies that it is able to function in emergency situations as set forth in the Code of Federal Regulations, Title 47, Part 54, Subpart C, §54.201(a)(2)<sup>1</sup> and the Michigan Telecommunications Act (MTA). The Company's network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Company can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations will also allow the Company to manage traffic spikes throughout its network, as emergency situations require.

Specifically, each central office building is supplied with standby generators and battery back-up that enable the central office to keep running until power is restored so long as fuel is available, or until system changes are made to reroute traffic. The Company has battery backup at all office locations and in its electronic equipment sites in accordance with the specifications identified in Section 305c(a) of the MTA, 484.2305c Emergency power requirements; compliance.

---

<sup>1</sup> Section 54.201(a)(2) requires ETCs that are designated by the Commission to "demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations."

The Deerfield Farmers' Telephone Company  
M.P.S.C. No. 1 (R)

Original Sheet No. 9

LOCAL TELEPHONE EXCHANGE SERVICE

SERVICE CHARGES

A. GENERAL

1. The Service Charges covered herein are applicable in connection with the establishment of telephone service and subsequent changes and in service.
2. Service Charges
  - a. The Service Ordering Charge is the charge for work performed by the Telephone Company in connection with the receiving, recording and processing of customer requests for service ordered to be performed or provided at the same time, on the same system and on the same premises. The term "per order" means all work or service ordered at the same time for the same account.
  - b. The Line Connection Charges applied to each central office line (exchange line, trunks, etc.) for work required in the central office and outside plant, including reconnection of suspended (vacation) service and restoral of service after temporary disconnection of service for nonpayment.
3. Customer Premises
  - a. A premises is a building, portion of a building or buildings on the same continuous property occupied by the customer in the conduct of his business or occupied by the customer as a residence. All space for offices occupied by a customer on the same or separate floors of one building are considered as a single (or same) premises.
    - (1) Same continuous property shall mean an uninterrupted plot of land within the same block and occupied by one customer. Same block is defined as parcel of land enclosed but uncrossed by public thoroughfares. Railroad tracks, rivers and alleys are not considered as public thoroughfares.
    - (2) A building shall mean a structure on one foundation or two structures on separate foundations with a common wall or abutting walls with ready access from one structure to the other by means of doorways or permanent openings through the intervening wall or walls. Structures in the same or different block occupied by one customer and connected by passageways shall be considered as the same building if the passageway is actually used as a continuation of the space in the two buildings and not principally used as a walkway.
4. Additional Conditions
  - a. Service charges are in addition to all other applicable rates and charges associated with the service being provided.
  - b. The charges specified herein do not contemplate work being performed by the Company employees at a time when overtime wages apply due to the request of the customer or do they contemplate work begun being interrupted by the customer. If the customer requests overtime labor being performed or interrupts work once begun, a charge in addition to the specified charges will be made equal to the additional cost involved.
  - c. No service charges apply when the service is rendered inoperative by fire or other cause beyond the control of the customer and service is re-established at another location or premises. Service charges will apply for transferring a temporary installation to another location or premises respectively.
5. Restoral of Service
  - a. Service discontinued by the Telephone Company because of nonpayment when the service has not been disconnected is subject to the Restoral of Service Charge.
  - b. When service is rendered inoperative by fire or other causes beyond the control of the customer which render the premises unfit for occupancy, the same service will be reestablished at the same or different location, at the option of the customer, without Service or Installation Charge.
