RE: **Confidential Financial Information Subject to Protective Order in WC Docket Nos. 10-90, 07-135, 05-337, 03-109, CC Docket Nos. 01-92, 96-45, GN Docket No. 09-51, WT Docket No. 10-208, Before the Federal Communications Commission**

Dear Ms. Dortch:

Missouri Valley Communications (MVC), a privately-held rate of return carrier receiving high cost support, has electronically submitted FCC Form 481 to the Commission with redacted financial data, in compliance with 47 C.F.R. §§ 54.313 and 54.422

As specified in the Protective Order issued on November 16, 2012 by the Commission, two copies of the redacted confidential information are being filed simultaneously with the non-redacted confidential information. The redacted information for this filing and each page of the file where confidential information has been omitted is marked "REDACTED - FOR PUBLIC INSPECTION"

Please feel free to contact me with any questions regarding this particular matter.

Sincerely,

Twyla Holum  
Regulatory Compliance Coordinator  
Missouri Valley Communications

RE: Annual Form 481 Reporting for SAC 382247

Dear Madam,

We are instructed by USAC's Director of Outreach, Audits, IDVs, and Appeals, Mr. Robert Binder to write a letter to accompany our form 481 reporting for SAC 382247 which involves two of our operating companies: Missouri Valley Communications, Inc. (MVC) and Nemont Telephone Cooperative, Inc. (NTC).

NTC serves the State of MT (SAC 482247) and ND (SAC 382247). In addition, MVC also serves ND and share the same SAC 382247 with NTC-ND. NTC and MVC have different SPINs; they are operated as separate companies and have different company financial statements. Since we do not capture operating information by SAC, we are filing MVC information under SAC 382247 and NTC-ND information is filed under SAC 482247 along with NTC-MT as advised by Mr. Binder.

Should you have any questions regarding this, please contact me via email at [remi.sun@nemont.coop](mailto:remi.sun@nemont.coop) or by phone at 406-783-2200.

Sincerely,

Remi Sun  
Chief Financial Officer

RS/th

Annual Reporting for High-Cost Recipients  
47 C.F.R. 54.313  
Missouri Valley Communications

UNFILLED SERVICE REQUESTS – 54.313(a)(3)

**VOICE**

There were **1689** requests for voice service in Missouri Valley Communication's service area during calendar year 2012. Of these requests, **44** were unfilled. Missouri Valley Communication follows the Aid to Construction policy for all unfilled requests.

Any individual, business, or developer/builder requesting communications services at a location currently un-served by the Company, must have on file a completed application for service, approved by properly designated personnel.

The applicant must provide some assurance that service installation is of a permanent nature before any line construction commences. Any facilities that are constructed remain the property of the Company and maintenance is the responsibility of the Company. Facilities construction will be based on route distance from the subscriber location to the nearest reasonable and serviceable telephone plant facilities as determined by the Company.

- 0-5,280' (one mile) No charge – any additional costs related to engineering, ROW, permitting, boring, locates, or costs of a similar nature, are paid by the Company
  
- Over 5,280' – Subscriber agrees to a service contract - No charge for construction; any additional costs related to engineering, ROW, permitting, boring, locates, or costs of a similar nature, are paid in advance at a rate of 30% of these total additional costs; the advance payment will then be applied against the subscriber account in equal installments, based on the cost of local service, end user charge, and any applicable taxes and fees that are in effect at the time construction is started, until the entire advance payment is paid back to the subscriber. Should the subscriber disconnect service for any reason, any unapplied advance payment is forfeited and remains with the Company.

Exceptions to the following standards would include, but are not limited to, the following: (a) circuits used to provide a communications service other than POTS, (b) temporary, (c) seasonal, (d) cabin sites (e) requests for service solutions other than that recommended by the Company.

*Service Quality Standards and Consumer Protection Rules Annual Certification for Voice and Broadband Service*

Remi Sun	Chief Financial Officer	Missouri Valley Communications
Printed Name of Officer	Title of Officer	Company Name

I am authorized to provide this certification on behalf of the Company. I hereby certify that, to the best of my knowledge, the Company is in compliance with consumer protection rules of the Federal Communications Commission and the North Dakota Public Utilities Commission for voice service. At this time the North Dakota Public Utilities Commissions has not "adopted" the FCC QoS Standards. Missouri Valley Communications complies with all FCC and North Dakota Public Service Commission protection rules and reporting requirements, which include; annual Do-Not-Call rules/notifications to subscribers, Opt-Out letters sent annually to customers, filing of Annual RCCI certification for Accessibility, and new employee and annual employee/company CPNI/Red Flag Training and certification. An explanation of our CPNI practices and FAQ's, as well as other consumer protection information and where to file complaints can be found at [www.nemont.net/consumer-info.php](http://www.nemont.net/consumer-info.php).

*Ability to Function in Emergency Situations Annual Certification*

<b>Remi Sun</b>	<b>Chief Financial Officer</b>	<b>Missouri Valley Communications</b>
Printed Name of Officer	Title of Officer	Company Name

I am authorized to provide this certification on behalf of the Company. I hereby certify that, to the best of my knowledge, the Company is capable of functioning in emergency situations. The Company has a reasonable amount of back-up power to ensure functionality of voice and internet services without an external power source. Buildings and Central Offices are equipped with UPS using battery backup and standalone generators. Access Nodes are equipped with 8 hours of battery backup and plug in's for portable generators. The Company is able to reroute voice, internet and cellular traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations. Missouri Valley Communications is fully protected for all voice, internet and cellular traffic which will fail over to the redundant path in case of an emergency or maintenance. All network transport is designed and installed in a redundant, geo diverse, ring architecture that will automatically fail over in case of a disruption in service. This includes redundant routing / switching hardware to facilitate a seamless transfer of traffic.
