***Request for Extension of Streamlined Financial Hardship Waiver
Implementation of CALM Act***

Dear Ms. Dortch,

We are filing this request for an extension of a waiver and certification on behalf of our client LeSEA Broadcasting of Tulsa, Inc. (“LeSEA”), the licensee of KWHB(TV) in accordance with the waiver renewal provisions of footnote 211 of the Report and Order, *In the Matter of the Implementation of the Commercial Advertisement Loudness Mitigation (CALM) Act*, 26 FCC Rcd 17222 (2011).

By this letter, we are formally requesting a one-year renewal of KWHB’s streamlined, financial hardship waiver of the CALM Act implementation deadline. As set forth in the Report and Order, a broadcast station is eligible for a renewal of its streamlined financial hardship waiver if it is still a small broadcast station and still needs the delay of the requirement to obtain the necessary equipment due to financial hardship. A “small station” for these purposes is defined as either a station with no more than \$14,000,000 in annual receipts or one that is located in any of the 150-210 television markets.

¹ Due to the lapse in government funding from October 1 through October 16, 2013, we were unable to make this filing. We are now filing this waiver request as of October 17, 2013 and consider it to be timely due to suspension of all deadlines during the shutdown.

We are enclosing a certificate executed by Peter Sumrall, the president of LeSEA, attesting to the fact that the station continues to meet the definition of a small station and that it needs a further delay of one year to purchase the necessary equipment due to financial hardship. We are also enclosing the quotes from two equipment manufacturers detailing the specific equipment that LeSEA intends to obtain that are still valid.

We further understand that pursuant to the Report and Order, this waiver renewal request is considered to be automatically granted upon its submission and our receipt of an automatic "acknowledgment of receipt".

If there are any questions about this waiver renewal request or the attached certification, please do not hesitate to contact me.

Sincerely,

Elise M. Stubbe

Implementation of the Commercial	§	MB Docket No. 11-93
Advertisement Loudness Mitigation (CALM)	§	
Act	§	

Certification of LeSEA Broadcasting of Tulsa, Inc.

I, Peter Sumrall, hereby certify as follows:

1. I am the President of LeSEA Broadcasting of Tulsa, Inc., (“LeSEA”) the licensee of KWHB, Tulsa, Oklahoma. I have personal knowledge of the certifications made herein.
2. KWHB/LeSEA requires a renewal of the waiver of the CALM Act rules implementation deadline of December 13, 2013 as it was obtained in October 2012.
3. KWHB/LeSEA continues to meet the definition of a “small station” as set forth in paragraph 53 of the Report and Order, *In the Matter of the Implementation of the Commercial Advertisement Loudness Mitigation (CALM) Act*, 26 FCC Rcd 17222 (2011) for the purposes of determining eligibility for a renewal of a waiver of the CALM Act rules.
4. KWHB/LeSEA needs a further delay of one year to avoid the financial hardship that would be imposed if it were required to obtain the equipment sooner.
5. KWHB/LeSEA is attaching to this certification quotes for all of the equipment that it will need to obtain for compliance with the CALM Act rules.
