

My complaint is against Media General in Richmond, VA. They are asking an un-reasonably amount of money for Dish Network to re-broadcast their services. Which would make me have to pay more money. This is nothing but Greed on Media Generals side. I haven't had my CBS news for 20 days now. If the FCC needs to take the rights away from Media General and give it to someone else, who cares about the consumers. Its all about Money, taking it from people like me. Please take Media Generals rights away from them.
