Community Telephone Company**Response to Line 510 - Service Quality Standards and Consumer Protection Rules****Compliance**

In establishing this certification in its *2005 ETC Order*,¹ the FCC found that an ETC must make “a specific commitment to objective measures to protect consumers.”² The FCC found that for wireless ETCs, compliance with CTIA’s Consumer Code for Wireless Service would satisfy this requirement” and that the sufficiency of other commitments would be considered on a case-by-case basis.³ In this context, the FCC stated, “to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement.”⁴

Community Telephone Company (“Company”) hereby certifies that it complies with applicable service quality standards and consumer protection rules under the Community Administrative Code, Title 16, Part II, as established by the Public Utility Commission of Community. These obligations include, but are not limited to, the following: (1) filing a Local Exchange Tariff which discloses rates, terms and conditions of service to customers pursuant to Subchapter J requirements in Sections 26.201-26.230; (2) adherence to state consumer protection requirements governing telephone providers as identified in Subchapter B, in Sections 26.21-

¹ *Federal-State Joint Board on Universal Service*, CC Docket No. 96-45, Report and Order, FCC 05-46 (rel. Mar. 17, 2005) (“*2005 ETC Order*”).

² *Id.* at para. 28.

³ *Id.* The FCC noted that under the CTIA Consumer Code, wireless carriers agree to: “(1) disclose rates and terms of service to customers; (2) make available maps showing where service is generally available; (3) provide contract terms to customers and confirm changes in service; (4) allow a trial period for new service; (5) provide specific disclosures in advertising; (6) separately identify carrier charges from taxes on billing statements; (7) provide customers the right to terminate service for changes to contract terms; (8) provide ready access to customer service; (9) promptly respond to consumer inquiries and complaints received from government agencies; and (10) abide by policies for protection of consumer privacy.” *Id.* at n. 71.

⁴ *Id.* at n. 72.

26.37; and (3) service quality standards requirements as identified in Subchapter C, Sections 26.51 -26.57.

In addition, the Company complies with numerous federal consumer protection standards including, but not limited to: (1) Truth-in-Billing Rules outlined in 47 CFR § 64.2401; and (2) compliance with Federal CPNI rules, Red Flag Rules and other applicable federal and state requirements governing the protection of customers' privacy.

Community Telephone Company**Response to Line 610 - Ability to Function in Emergency Situations**

Community Telephone Company (“Company”) hereby certifies that it is able to function in emergency situations as set forth in the Code of Federal Regulations, Title 47, Part 54, Subpart C, §54.202(a)(2)¹ and the Community Administrative Code. The Company’s network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Company can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations also allows the Company to manage traffic spikes throughout its network, as emergency situations require.

Specifically, the Company is able to function under emergency operations in accordance with Public Utility Commission of Community Substantive Rules §26.51 *Reliability of Operations of Telecommunications Providers* and §26.52 *Emergency Operations* which include obligations for continuity of service and emergency operations planning and service provision capability for dominant carriers. Any central office not equipped with permanently installed standby generators contains as a minimum four hours of battery reserve without voltage falling below the level required for proper operation of all equipment. In addition, all central offices without installed emergency power facilities have a mobile power unit available which can be delivered and connected on short notice.

¹ Section 54.202(a)(2) requires ETCs that are designated by the Commission to “demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations.”

IV. LIFELINE SERVICE

A. GENERAL

1. Lifeline Service is a retail local service offering sponsored by the FCC and available to qualifying low-income consumers.
2. Consumers qualifying for Lifeline Service are offered the services or functionalities enumerated in 47 Code of Federal Regulations §54.101(a) (relating to Supported Services for Rural, Insular and High Cost Areas).
3. The Company shall offer toll restriction at no charge to all qualifying low-income consumers at the time such consumers subscribe to Lifeline Service. If the consumer elects to receive toll restriction, that service shall become part of the consumer's Lifeline Service.
4. A customer otherwise eligible to receive the Lifeline Service shall not be prohibited from obtaining and using telecommunication equipment and services designed to aid such customer in utilizing qualifying telecommunication services.
5. Lifeline Service rate reductions only apply to basic network service and do not apply to long distance service, 976 and other regulated or non-regulated services. Customers may subscribe to such services including bundled services, where available, at their discretion although the Lifeline discount applies only to the basic service charge of the bundled service.
6. The Lifeline Service rate reductions do not apply to service connection charges, except that customers eligible for the Tribal Link Up program will receive a reduction in applicable service connection charges, as set forth in Section D of this tariff.
7. Lifeline Service will not be available on a retroactive basis unless directed by LIDA or the Commission.
8. The Company will waive number portability charges, subject to the tariff, for the Lifeline customer.

B. Eligibility Requirements

1. The discounted service will be provided for one (1) residential telephone line per household, at the subscriber's principal place of residence.
2. The applicant must certify that their annual household income is at or below 150% of the annual federal poverty guidelines, be an eligible resident of Tribal lands, or participate in, or have a person or child who resides in the customer household who participates in, a program identified in Chapter 47 of the Code of Federal Regulations § 54.409 and in P.U.C. Substantive Rule 26.412 regarding consumer qualification for Lifeline.
3. Procedures for Establishing Lifeline Discounts
 - (a) Consumers within the Company's service area identified as eligible for Lifeline Service by the Low-Income Discount Administrator (LIDA) through the automatic enrollment process under Commission Substantive Rule 26.412, shall be provided Lifeline Service discounts unless the Company receives a customer request to be excluded from such discounts. Consumers who are eligible for Lifeline Service but do not have telephone service at the time the LIDA provides its eligibility list to the Company are responsible for contacting the Company and initiating a request for Link-Up Service from the Company.

CUSTOMER SERVICES TARIFF
LOCAL EXCHANGE SERVICE

IV. LIFELINE SERVICE (Continued)

E. Service Charges

1. Service charges do not apply when eligible customers with existing residential service convert to Lifeline Service.
2. Service charges apply when:
 - (a) At the time Lifeline Service billing is initiated, where existing eligible residential local exchange access service customers request additional features, such as special or custom calling features.
 - (b) A customer receiving Lifeline Service voluntarily elects to convert to telephone service arrangements, which preclude Lifeline Service eligibility.
 - (c) New residential applicants (those without existing local exchange access service) eligible for the Lifeline Program will be subject to applicable service charges, except those new customers who qualify for the Tribal Link Up program as specified in Section 5 of this tariff.
3. Any subsequent moves or changes after the initial connection to Lifeline Service will be subject to applicable service charges, except for cases where the charges would be reduced under the provisions of Tribal Link Up.

F. Payments and Disconnection of Service

1. The Company may not disconnect Lifeline Service for nonpayment of toll charges.
2. A Lifeline customer is required to adhere to the same bill payment policies applicable to all of the Company's customers.
