**Rock Hill Telephone Company’s Demonstration of Compliance with Applicable Service Quality Standards and Consumer Protection Rules:**

In establishing this certification in its *2005 ETC Order*,<sup>1</sup> the FCC found that an ETC must make “a specific commitment to objective measures to protect consumers.”<sup>2</sup> The FCC found that for wireless ETCs, compliance with CTIA’s Consumer Code for Wireless Service would satisfy this requirement and that the sufficiency of other commitments would be considered on a case-by-case basis.<sup>3</sup> In this context, the FCC stated, “to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement.”<sup>4</sup>

Rock Hill Telephone Company (“Company”) hereby certifies that it is in compliance with applicable service quality standards and consumer protection rules. The Company is subject to consumer protection obligations under both federal and South Carolina state law. These obligations include, but are not limited to, the following: (1) filing a Local Exchange Tariff pursuant to the requirements of the Public Service Commission of South Carolina which disclose rates, and terms and conditions of service to customers (Section 103-612.2.1 of the South Carolina Code of Regulations); (2) adherence to state consumer protection requirements governing telephone providers

## **Rock Hill Telephone Company's Demonstration of Ability to Function in Emergency Situations**

Rock Hill Telephone Company ("Company") hereby certifies that it is able to function in emergency situations as set forth in 47 C.F.R. § 54.202(a)(2)<sup>1</sup> and Section 103-646 of the South Carolina Code of Regulations. The Company's network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2) and Section 103-646 of the South Carolina Code of Regulations. The Company can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations will also allow the Company to manage traffic spikes throughout its network, as emergency situations require.

Specifically, each central office building is supplied with standby generators and battery back-up that enable the central office to keep running until power is restored so long as fuel is available, or until system changes are made to reroute traffic. The Company has battery backup at all office locations and in its electronic equipment sites. Length of run time is determined by the equipment serving the area and the number of customers working out of the equipment. Generators are installed at all Central Office locations. They will continue to run as long as the Company has access to fuel.

---

<sup>1</sup> Section 54.202(a)(2) requires ETCs that are designated by the Commission to "demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations."

RE: Follow-up from December 19, 2012, meeting

Dear Jeremy:

Thank you so much for your time spent with us on December 19<sup>th</sup>. I sure I speak on behalf of Frank as well when I say it was a pleasure meeting you and discussing the issues from the attached agenda with you.

I've included the points of contact in each area on the original agenda as we determined them in the meeting and attached it to this letter. Please let me know if I need to make any corrections. Also, if I recall correctly the only issue requiring review at this time is the cable modem speed experienced at the administration building. Frank is looking into that, and we will provide an update as soon as one is available.

Should you have any questions, please contact me at 803-326-7170 or via email at [greg.lunsford@comporium.com](mailto:greg.lunsford@comporium.com) at your earliest convenience.

Sincerely Yours,

Charles G. Lunsford
