"To Whom It May Concern:

I send this letter to comment on E-Rate NPRM, proceeding 13-184. E-Rate has been an essential part of Socorro Independent School District because it has helped our students in our 45 campuses connect to the internet quickly. Students in some schools are still lacking the bandwidth needed to communicate and collaborate with others and to use online resources.

As an instructional technology trainer in Texas, I realize that seamless infusion of digital learning is key to the success of our students graduating from high school with the knowledge and skills needed for today's global economy.

The program has been phenomenal for our students' success in the past and we more. I urge the FCC to increase funding for the E-Rate program to at least \$5 billion to meet this demand.

Respectfully,
Shivon Patricia Loya "
