Line 310 – Unfulfilled Voice Telephony Service Requests Resolution

Under Section 54.313(a)(3) of the Commission's Rules, an eligible telecommunications carrier ("ETC") is required to report "[t]he number of requests for service from potential customers within the recipient's service areas that were unfulfilled during the prior calendar year."¹ For all such requests, an ETC must "detail how it attempted to provide service to those potential customers[.]"² According to the Form 481 instructions, this description "should provide no information which is considered to be customer proprietary network information (CPNI); only the generic process should be delineated."³

If a request comes from a potential customer residing in any area where Smith Bagley, Inc. ("SBI") does not provide service, SBI follows a series of steps to determine whether it can provide service at reasonable cost:

- * First, it determines whether the potential customer's equipment can be modified or replaced to provide acceptable service;
- * Second, it determines whether adjustments at the nearest cell site can be made to provide service;
- * Third, it determines whether there are any other adjustments to network or customer facilities which can be made to provide service;
- * Fourth, it explores the possibility of offering the resold service of carriers that have facilities available to that location; and
- * Fifth, SBI determines whether a whether a roof-mounted antenna or other network equipment can be deployed at the premises to provide service;

¹ 47 C.F.R. § 54.313(a)(3).

² *Id.*

³ Instructions for Completing FCC Form 481(July 2013) at p. 10.

* Sixth, SBI determines whether an additional cell site, a cell-extender, or repeater can be employed or constructed to provide service.

If there is no possibility of providing service short of these measures, SBI will notify the potential customer and report the number of requests for service that could not be filled in its next annual report filed pursuant to Section 54.313 of the Commission's Rules.

Company is hereby granted a non-exclusive, world-wide, royalty-free license to use CTIA's Seal of Wireless Quality/Consumer Information ("Seal") to represent that Company voluntarily adopts and follows the *CTIA Consumer Code for Wireless Service* and has certified such to CTIA.

CTIA permits the use of appropriate references to CTIA and the Seal solely in connection with the *CTIA Consumer Code for Wireless Service* Program.
