Rules Related to Lifeline Supported Service: Lifeline is a government assistance program and only eligible consumers may enroll in the program. Lifeline service is a non-transferrable service and therefore may not be transferred to any other individual, including another eligible low-income consumer. Lifeline benefits are federal benefits and consumers that make false statements in order to obtain the Lifeline benefit can be punished by fine or imprisonment, de-enrollment or can be barred from the program. Only one Lifeline service is available per household. A household is defined, for purposes of the Lifeline program, as any individual or group of individuals who live together at the same address and share income and expenses. A household may not receive multiple Lifeline benefits from multiple providers. A violation of the one-per-household requirement constitutes a violation of the Federal Communication Commission's rules and will result in de-enrollment from the program, and could result in criminal prosecution by the United States government. The Lifeline benefit may be applied to either one landline or one wireless number, but cannot be applied to both. Note that not all Lifeline services are currently marketed under the name Lifeline. All Lifeline subscribers must complete their own Application for service. Lifeline service requests will not be processed until an Application has

been received and validated by TAG. Applicants must personally activate TAG's Lifeline service by calling 1-866-959-4918 and selecting Option 2 for activations.

Initial Certification and Annual Re-Certification Requirements of Lifeline Supported Service: Evidence of Lifeline program eligibility is required with your initial application for Lifeline supported Service. Where such eligibility cannot be validated through a state and/or federal database or other alternative means, it may be validated in person by a TAG Agent by providing a copy of your state issued ID card and a copy of the program identification card or other social service agency documentation showing current participation.

The rules and regulations governing a consumer's participation in the Lifeline program also require re-certification of your continued eligibility for the program on at least an annual basis. Such re-certification may be conducted independently by TAG without notice to you by validating your continued eligibility through a state and/or federal database, by verifying your participation in a qualifying subsidy program directly with a state and/or federal program administrator or other alternative means. Your authorization for TAG to access information regarding your ongoing eligibility and/or to verify your ongoing eligibility with a program administrator is included in your initial application for Lifeline Service. Where ongoing eligibility cannot be determined through the means described above, TAG is required to validate your continued eligibility by contacting you so that you may self-certify your continued eligibility directly. Such contact can be facilitated in person, in writing, by phone, via text message, via e-mail or otherwise through the internet. Failure to re-certify as required will result in the termination of your Lifeline benefits. Further, you are subject to the same penalties for providing false or fraudulent information at the time of recertification as are applicable to the initial application.

In addition to the annual re-certification requirement, in circumstances where your address cannot be verified through state and or federal databases, TAG is required to contact you on an annual basis to either verify or obtain a valid address related to your Lifeline supported Service. TAG will conduct this address validation contemporaneously with its annual re-certification process, but may, and in circumstances wherein a temporary address is provided at the time of initial application will, validate your address more frequently.

Finally, you are required to certify in your initial application for Lifeline supported Service, and at least once annually thereafter as part of the re-certification process, that you understand and agree to the rules related to Lifeline supported Service participation and eligibility, including but not limited to the following:

1. That you have read and understand the Lifeline Application, and swear and affirm that the information contained in the Application is true and correct, to the best of your knowledge and belief. Further, that you understand that you must meet certain eligibility qualifications receive Lifeline supported service,

and that you understand that providing false or fraudulent information to receive Lifeline benefits is punishable by law.

2. That you meet the income-based eligibility criteria for Lifeline supported service or that you are a current recipient of the program you designated as your qualification for eligibility and that you will notify TAG within thirty (30) business days (1) if you are no longer participating in the designated program(s); (2) if your household is receiving more than one Lifeline supported service; or (3) if for any other reason your household no longer satisfies the criteria for receiving Lifeline support. You will need to provide documentation of eligibility if required.
3. That the residence address you provided is your primary residence, and not a second home or business and that you understand that if you move from the address included on your Lifeline Application that you are required to notify TAG of your new address within 30 days. Further, if you provided a temporary residential address to TAG, that you will verify your temporary residential address every 90 days.
4. That you understand the notification requirements described above with respect to both program eligibility and current address information, and that you further understand that you or your household may be subject to penalties if these requirements are not followed.
5. That you understand that you may be required to re-certify the continued eligibility of your household for participation in the Lifeline program at any time, but will be required to provide such recertification on at least an annual basis. Further, that you understand that failure to re-certify as required will result in the termination of your Lifeline benefits and that you may be subject to the same penalties for providing false or fraudulent information at the time of recertification as are applicable to the initial application.
6. That you authorize TAG to access any records required to verify your statements on the Lifeline Application form and to confirm your eligibility for TAG Lifeline Service. That you give permission to the duly authorized official(s) administering the designated program to provide to TAG your participation status in such program. That you give this permission on the condition that the information in the Lifeline Application and any information about your participation in the designated program provided by officials be maintained by TAG as confidential customer account information.
7. That you authorize TAG to release any records required for the administration of the TAG Lifeline program (including your name, telephone number and address), including to the Universal Service Administrative Company, to be used in a Lifeline database and to ensure the proper administration of the Lifeline Program. Failure to consent will result in denial of service.
8. That your household will receive only one Lifeline benefit and, to the best of your knowledge, your household is not currently receiving a Lifeline-supported service from any other provider.
9. That you are entitled to complete the Lifeline Application, and are not listed as a dependent on another person's tax return (unless over the age of 60).

Usage Requirements Related to Lifeline Supported Service: In order for your TAG Lifeline account to remain active, we require that you use your TAG Lifeline supported wireless Service at least once per month. You can use the service by completing an outbound call, purchasing minutes from TAG to add to your plan, answering an incoming call from someone other than TAG or responding to a direct contact from TAG confirming that you want to continue receiving the service. TAG monitors subscribers for non-usage and after 30 days of non-use, TAG's usage team identifies accounts that have not been used for 30 days and sends a text message to such customers asking the customers to respond to the text message or call TAG's customer service number within 30 days to keep the account active. After 45 days of non-usage (15 days from the initial text notification), TAG's internal outreach team attempts to contact those customers to inquire about their intentions to retain the service. In addition to the above, and upon completion of the 30 day grace period and a cumulative 60 days of non-use, TAG will provide written notice to you stating that non-use of your Lifeline service for 60 days and failure to respond to TAG's outreach efforts and/or provide an affirmative acknowledgement directly to TAG that you wish to retain your Lifeline service within 30-days from the date of the initial text notification has resulted in de-enrollment from the Lifeline program and deactivation of your Lifeline supported Service. During the entire 60 day period, your TAG Lifeline service remains active and is not suspended. In the event your Lifeline supported Service is deactivated for non-usage as described above, access to 911 emergency services remains intact as required by the FCC's existing public safety rules and guidelines.

Termination of Service(s): You may terminate any line of Service, including Lifeline Service, by calling us. We reserve the right to cancel promotional offers early or extend offers without notice. Certain offers may not be available everywhere or be combinable with other promotions/options. Coverage is not available everywhere and varies by service - see mapping brochures or visit www.tagmobile.com for coverage details. Fees paid for Services and/or Devices are inclusive of most government taxes and fees, and TAG Surcharges [incl. USF charge (varies quarterly), cost recovery and administrative fees, & state/local fees by area], with the exception of local sales tax which is applied to the purchase of replenishment plans or other Services or Devices that are purchased at retail locations or on our website. TAG Surcharges are not taxes or government required charges and are subject to change. A phone activation fee may apply to new activations (this does not apply to Lifeline Service; there is no activation charge for Lifeline customers). A reconnect fee may apply to reestablish service on accounts that have been deactivated. All TAG services will only work with TAG approved phones - not all services are available with all phones or on all networks. Service charges are not refunded or prorated if service is terminated or modified. All phone usage, including incoming/outgoing calls, incurs airtime charges unless specified otherwise. On calls that cross time periods, minutes are generally deducted or charged based on the call start time. Unused plan minutes do not carry forward and expire at midnight of the monthly service renewal date as determined by your activation date, unless special plan terms apply. Partial minutes of use are rounded up to the next whole minute.

Nature of Services.

The Services are provided via Service Plans under which you do not pay metered "per minute" charges for service. In an effort to offer Service on a reliable basis at a reasonable cost, TAG may discontinue providing Service to you, change the services provided to you, change your Service Plan, reduce the speed of any service provided, cap or restrict the amount of use of any service, or discontinue or limit connections to providers, features, or types of services entirely, in part or in certain areas. For example, TAG may limit, alter, or discontinue your Service pursuant to roaming arrangements, at certain times, or at certain speeds that, in the sole judgment of TAG, appear likely to generate abnormally high call volumes, abnormally long average call lengths, calls with abnormally high costs, abnormally high use, or other disproportionate use when compared to those of other customers of TAG (as described below under "Your Use Of The Service"). The Service discontinuance, alterations and/or limitations described above also apply to your use of or access to numbers or types of services or which may be harmful, disruptive, or interfere with TAG's system or services to other customers. You acknowledge and agree that the web and data Rate Plans provided by TAG are designed to be, and shall only be used, predominately for HTML/WAP (HyperText Markup Language / Wireless Application Protocol) web browsing and multimedia streaming services provided by TAG, its affiliates, authorized suppliers and licensors, and not for off-portal multimedia streaming services. While TAG may, at its sole discretion provide notice to you of our intent to take any such action, you acknowledge and agree that, with the exception of the discontinuance or termination of Service, TAG may take any of the foregoing actions without providing notice to you. By initiating service and placing calls or using any other service on the TAG network, you acknowledge and agree to TAG's ability to modify or terminate your Service under these circumstances.

Your Use Of The Service.

You agree to use the Service in accordance with this Agreement and to comply with all applicable laws. YOU AGREE TO INDEMNIFY, DEFEND, AND HOLD HARMLESS TAG FROM, ARISING OUT OF, RELATING TO, OR IN CONNECTION WITH, YOUR ACTS OR OMISSIONS, INCLUDING, BUT NOT LIMITED TO, ANY VIOLATION BY YOU OF THE TERMS AND CONDITIONS OF THIS AGREEMENT, OR OF ANY APPLICABLE STATUTES, ORDINANCES, LAWS OR REGULATIONS OF ANY LOCAL, STATE, OR FEDERAL AUTHORITY, YOUR USE OF THE SERVICE AND ANY INFORMATION YOU SUBMIT, POST, TRANSMIT OR MAKE AVAILABLE VIA THE SERVICE, FAILING TO PROVIDE APPROPRIATE NOTICES REGARDING LOCATION-SENSITIVE SERVICES, FAILURE TO SAFEGUARD YOUR PASSWORDS, BACKUP SECURITY QUESTION TO YOUR PASSWORD OR ANY OTHER ACCOUNT INFORMATION, OR THE RIGHTS OF ANY THIRD PARTY. TAG may deny a request for Service from you for any lawful reason. TAG also reserves the right to cease serving you if you are not acting in accordance with the terms of this Agreement, to disconnect calls that are not in accordance with the terms and conditions of this Agreement, and to cease providing service to telephone numbers or categories of services that are inconsistent with the terms and conditions of this Agreement and the Nature of the Service.

TAG reserves the right to manage our network and the traffic on our network in the way we believe best benefits our customers and best enables us to maintain Service of the nature described in this Agreement. We have determined that our ability to provide Service to our customers is disrupted when you place an abnormally high number of calls, repeatedly place calls which result in abnormally long call lengths, repeatedly place calls with abnormally high costs, high or disproportionate use, or otherwise use our Services or network in excess of our expectations or the normal amount of use by our customers. Thus, we reserve the right to discontinue Service to customers, to discontinue or block Service to certain telephone numbers or categories of services, to terminate calls or Services as described below, to reduce the speed at which such services are provided, or to restrict, reduce or limit the amount of usage, which our experience indicates result in disruptive usage patterns of this nature. For example, TAG Service is not intended for use (i) by persons engaged in the provision of telemarketing services, commercial research or commercial data collection, (ii) by persons seeking a dedicated private line or access line to the internet, or other continuous uses that create the functional equivalent of a dedicated telephone line, (iii) by persons seeking to maintain open lines of communication for extended periods of time (for example, baby monitoring or other monitoring services), (iv) by persons seeking to establish an access point for intra-company private branch exchange services, (v) by persons seeking to provide a commercial or private dispatch service, (vi) by persons seeking to access multi-party Chat Line Services or to call telephone numbers that generate Chat Line Traffic (as defined herein), (vii) for persons seeking to use the service for commercial purposes, (viii) for persons who do not reside in and have the predominant amount of usage on our networks, or (ix) for persons whose web and data Rate Plan usage is not predominantly for HTML/WAP browsing and multimedia streaming services provided by us, our affiliates, authorized suppliers, and licensees. For the purposes of this Agreement, "Chat Line Traffic" means traffic which originates or terminates to or from, relates to, arises out of, is in connection with, or pertains to, a multiple voice bridging service, company, or provider (or telephone numbers associated therewith) in which two or more incoming callers may be connected with each other simultaneously. Chat Line Traffic does not include traffic originating or terminating to or from traditional business dial-in conference calling in which a designated group of callers dial in to a known dial-up conference number at a pre-arranged time for a specific business purpose. For the purpose of this Agreement, "Chat Line Service" means a service which generates Chat Line Traffic.

Some elements of multimedia messages may not be accessible, viewable, or heard due to limitations on certain wireless phones, PCs, or e-mail. We reserve the right to change the multimedia message size limit at any time without notification.

Text message notifications may be sent to non-multimedia messaging subscribers if they subscribe to text messaging. You may receive unsolicited messages from third parties as a result of visiting Internet sites, and a per-message charge may apply whether the message is read or unread, solicited or unsolicited.

TAG also reserves the right to block, or otherwise prevent access to third party services or other premium services, features or content that would generate additional fees or charges billed to TAG, either directly or via your account, as a result of your use of or access to the service, feature or content. Further, TAG reserves the right to block, or otherwise prevent access to features, services, countries, carriers, destinations, and/or content, 9xx, 7xx, 5xx, and 8xx telephone numbers as well as other telephone numbers, services, countries, carriers, destinations, services and types of services that TAG determines, in its sole discretion, are inconsistent with the nature of Service provided by TAG, are indicative of uses not permitted hereunder, or result in abnormally long calls, abnormally high costs, or abnormally high usage. We also may block calls to telephone numbers at the request of the called party. In addition, if any call duration exceeds a length of time, or a data session exceeds the amount of data that is determined by TAG to be excessive from time to time, TAG may, in its sole discretion, terminate or restrict any such call or data session.

In addition, the Service may be used only for your own voice communications and may not be used to transmit data, or for any other one-way transmission application other than data Services expressly offered to you by TAG. You may not resell the Service or use the Service to provide commercial service to others. You also may not use the Service in a manner that is intended to cause or results in interference to, or causes problems with, the operation of TAG's wireless system or other communications systems.

You can't use our Services: (a) in a way that could cause damage or adversely affect any of our other customers or our reputation, network, property or Services; or (b) in any way prohibited by the terms of our Services or the Agreement. We can take any action to: (1) protect our network, our rights and interests, or the rights of others; (2) optimize or improve the overall use of our network and Services; or (3) prevent usage that is indicative of uses not permitted hereunder. Some of these actions may interrupt or prevent legitimate communications and usage, such as message filtering/blocking software to prevent spam, viruses, or autodialed calls or SMS messages, limiting throughput, limiting access to certain websites, applications or other data content, capping or restricting use, or prohibitions on unintended uses (for example, use as a dedicated line, or use as a monitoring service), etc. We may use filters to block spam messages, but we do not guarantee that you will not receive spam or other unsolicited messages, and you agree that we are not liable for such messages. You agree that a violation of this section harms TAG, which cannot be fully redressed by money damages, and that we shall be entitled to immediate injunctive relief in addition to all other remedies available without the requirement to post a bond.

You agree you will not use our messaging services to send messages that contain advertising or a commercial solicitation to any person or entity without their consent. You will have the burden of proving consent with clear and convincing evidence if a person or entity complains you did not obtain their consent. Consent cannot be

evidenced by third party lists you purchased or obtained. You further agree you will not use our messaging service to send messages that: (a) are bulk messages (b) are automatically generated; (c) can disrupt our network; (d) harass or threaten another person (e) interfere with another customer's use or enjoyment of our Services; (f) generate significant or serious customer complaints, (g) that falsify or mask the sender/originator of the message; or (h) violate any law or regulation. We reserve the right, but are not obligated, to deny, disconnect, suspend, modify and/or terminate your messaging service or messaging services with any associated account(s), or to deny, disconnect, suspend, modify and/or terminate the account(s), without notice, as to anyone using messaging services in any manner that is prohibited. Our failure to take any action in the event of a violation shall not be construed as a waiver of the right to enforce such terms, conditions, or policies. Advertising and commercial solicitations do not include messaging that: (i) facilitates, completes, or confirms a commercial transaction where the recipient of such message has previously agreed to enter into with the sender of such message; or (j) provides account information, service or product information, warranty information, product recall information, or safety or security information with respect to a commercial product or service used or purchased by the recipient of such message.

Although it is illegal for unauthorized people to intercept wireless device calls intended for others, TAG cannot guarantee the complete privacy of your calls. Wireless calls by nature may be intercepted by third parties. TAG SHALL NOT BE LIABLE TO YOU OR TO ANY THIRD PARTY FOR ANY INTERCEPTION BY THIRD PARTIES OF COMMUNICATIONS FROM ITS SYSTEM. Additionally, TAG does not encrypt your calls.

Always use your wireless device in a safe manner that does not create a risk to your safety or the safety of others around you. It can be dangerous, and in some jurisdictions illegal, for you to use a wireless device or our Service while driving. It is your responsibility to comply with laws that apply to you when you are driving.

Prohibited Network Uses. To ensure the activities of some users do not impair the ability of our customers to have access to reliable services provided at reasonable costs, you may not use our services in a manner that is unlawful, infringes on intellectual property rights, or harms or unduly interferes with the use of TAG's network or systems. TAG reserves the right, without notice or limitation, to limit data throughput speeds or quantities or to deny, terminate, end, modify, disconnect, or suspend service if an individual engages in any of the prohibited voice or data uses detailed below, described in the Your Use of the Service section above, or if TAG, in its sole discretion, determines action is necessary to protect its wireless networks from harm or degradation.

Examples of prohibited voice uses: TAG voice services are provided solely for live dialogue between, and initiated by, individuals for personal use and as otherwise described in this policy. TAG services may not be used for any other purposes, including, but not limited to: monitoring services, transmission of broadcasts, transmission of recorded material, telemarketing, autodialed calls, other commercial

uses, or other connections that do not consist of uninterrupted live dialogue between individuals.

Examples of prohibited data uses: TAG data services are provided solely for purposes of web surfing, sending and receiving email, photographs and other similar messaging activities, and the non-continuous streaming of videos, downloading of files or on line gaming. Our data services may not be used:

- (1) to generate excessive amounts of Internet traffic through the continuous, unattended streaming, downloading or uploading of videos or other files or to operate hosting services including, but not limited to, web or gaming hosting;
- (2) to maintain continuous active network connections to the Internet such as through a web camera or machine-to-machine connections that do not involve active participation by a person;
- (3) to disrupt email use by others using automated or manual routines, including, but not limited to "auto-responders" or cancel bots or other similar routines;
- (4) to transmit or facilitate any unsolicited or unauthorized advertising, telemarketing, promotional materials, "junk mail", unsolicited commercial or bulk email, or fax;
- (5) for activities adversely affecting the ability of other people or systems to use either TAG's wireless services or other parties' Internet-based resources, including, but not limited to, "denial of service" (DoS) attacks against another network host or individual user;
- (6) for an activity that connects any device to Personal Computers (including without limitation, laptops), or other equipment for the purpose of transmitting wireless data over the network (unless customer is using a plan designated for such usage); or
- (7) for any other reason that, in our sole discretion violates our policy of providing service for individual use.

Unlimited Use Plans. If you subscribe to a Service Plan, Services or features that are described as unlimited, you should be aware that such "unlimited" plans are subject to these Prohibited Network Uses, and to the limitations described in Nature of Services and Your Use of the Service.

Please refer to TAG's AUP for additional information on prohibited use.

Messaging (text, picture and video): Messaging rates are subject to change. Standard message rates are charged when a message is sent or received, whether read or unread, viewed or unviewed, solicited or unsolicited. Unused plan messages do not carry forward. Certain messages, including those to 3rd parties to participate in a promotion or other program, may require an alternate method of payment and are unable to be billed through the Service. There is no guarantee that messages will be received, and TAG is not responsible for lost or misdirected messages. Most text messages are limited to 160 characters.

E-Mail: Wireless access to corporate/employee email may require additional server or server access, licenses, or additional requirements which may not be available with TAG Service Plans.

Data: Services are not available with all TAG phones. The amount of data transmitted over our network is measured in kilobytes (KB), megabytes (MB) or gigabytes (GB). Unless specified otherwise 1024KB equals 1MB. 1024MB equal 1GB. Usage is calculated on a per kilobyte, megabyte or gigabyte (depending on your plan) basis and is rounded up to the next whole kilobyte, megabyte or gigabyte. Rounding occurs at the end of each session or each clock hour and at which time we deduct accumulated usage from your plan. You are responsible for all data activity from and to your device, regardless of who initiates the activity. Estimates of data usage will vary from actual use. Premium content (games, ringtones, songs, etc.) is priced separately and will require an alternate method of payment. Services are not available for use in connection with server devices or host computer applications, other systems that drive continuous heavy traffic or data sessions, or as substitutes for private lines or frame relay connections. We reserve the right to deny or terminate service without notice for any misuse or any use that adversely affects network performance. Availability of downloadable or streaming content is subject to change, including but not limited to television channels and radio stations.

Off-network Roaming: The primary use of your Device must be for domestic purposes within the TAG network. Domestic means use in the 50 United States and U.S. Territories (except Guam). Roaming may not be available to customers who reside or whose primary use is outside an area covered by the TAG Network. Data services and certain calling features (Voicemail, Caller ID, Call Waiting, etc.) may not be available in all roaming areas. TAG reserves the right to deny, terminate, modify, disconnect or suspend service if the majority of minutes or kilobytes are used for roaming.

International Roaming: International calling and roaming, including in Canada, Mexico, and Guam are not included in TAG Service Plans. International calling and roaming usage will require an alternate payment method. Data services and certain calling features (Voicemail, Caller ID, Call Waiting, etc.) may not be available in all roaming areas. TAG reserves the right to deny, terminate, modify, disconnect or suspend service if the majority of minutes or kilobytes are used for international roaming.

International Long Distance and Messaging: Access to international service is authorized on the TAG network only through an international operator service. In order to make international long-distance calls, including to Mexico and Guam, and in certain cases to send international text, an alternate payment method is required. TAG reserves the right to deny, terminate, modify, disconnect or suspend service if international calling and/or text messaging is used without utilizing a third party international operator service and alternate payment method.

Domestic (U.S.): Includes the 50 United States, Washington D.C., Puerto Rico, and the Virgin Islands.

Acceptable Use Policy

The following terms apply to your use of and access to any TAG together with its subsidiaries, affiliates, agents, and licensors (collectively "TAG") owned or operated website ("Website"), as well as any electronic transmission sent, received, posted, accessed, or stored via any network ("Network").

COVERAGE OF THIS POLICY

In addition to other agreements between you and TAG, these terms explain the policies that govern your access to and use of our Website and Network. By accessing or using our Website or Network, you agree to these terms (collectively the "AUP"), as TAG may modify it from time to time. Modifications to this AUP are effective upon its posting on our Website. If you do not agree to accept and comply with the AUP, then do not access or use our Website or Network.

ILLEGAL OR HARMFUL USE

You may access and use our Website and Network only for lawful purposes. You are responsible for any transmission you send, receive, post, access, or store via our Network, including the content of any communication. Transmitting, distributing, or storing any material that violates any applicable law is prohibited. Additionally, the following non-exhaustive list details the kinds of illegal or harmful conduct that is prohibited:

Infringement: Infringement of intellectual property rights or other proprietary rights including, without limitation, material protected by copyright, trademark, patent, trade secret, or other intellectual property right. Without limiting the foregoing, you may not access or use our Website or Network in any manner for the transmission or dissemination of images containing child pornography.

Excessive Utilization of Network Resources: Consuming a disproportionate amount of available Network resources resulting in the potential to disrupt or degrade the Network or Network usage by others. The determination of what constitutes excessive use depends on the specific state of the Network at any given time. Excessive use is determined by resource consumption relative to that of a typical individual user of the Network and not by the use of any particular application.

Traffic Pumping/Access Stimulation: Using the Network to dial telephone numbers associated with free conference calls, free chat lines, or similar services that are used for traffic pumping/access stimulation. Traffic pumping/access stimulation, for this

purpose, is defined as any and all activities that are designed to generate traffic to increase the intercarrier compensation billed to TAG.

Fraudulent Conduct: (1) Conducting fraudulent business operations and practices; (2) offering or disseminating fraudulent goods, services, schemes, or promotions (e.g., make-money-fast schemes, chain letters, and pyramid schemes); and (3) individual or business representation as an authorized 3rd party affiliation or agent for a business entity (e.g., Sprint) without the business' prior consent.

Falsification/Impersonation: Using the Network to impersonate any person or entity; falsely state or otherwise misrepresent your affiliation with any person or entity; or create a false identity for the purpose of misleading others. Without limiting the foregoing, you may not use invalid or forged headers, invalid or non-existent domain names, or other means of deceptive addressing.

Failure to Abide by Third-Party Network or Website Policies: Violating the rules, regulations, or policies that apply to any third-party network, server, computer database, or website that you access.

Harmful Content: Disseminating or posting content that is harmful to the Network or other users of the Network including, without limitation, viruses, Trojan horses, worms, time bombs, zombies, cancelbots, or any other computer programming routines that may damage, interfere with, secretly intercept or seize any system, program, data, or personal information.

ELECTRONIC COMMUNICATIONS

You may not distribute, publish, or send through our Network: (1) any spam, including any unsolicited advertisements, solicitations, commercial e-mail messages, informational announcements, or promotional messages of any kind; (2) chain mail; (3) numerous copies of the same or substantially similar messages; (4) empty messages; (5) messages that contain no substantive content; (6) very large messages or files that disrupt a server, account, newsgroup, or chat service; or (7) any message that is categorized as "phishing."

Likewise, you may not: (1) participate in spidering, harvesting, or any other unauthorized collection of e-mail addresses, screen names, or other identifiers of others or participate in using software (including "spyware") designed to facilitate such activity; (2) collect responses from unsolicited messages; or (3) use any of our mail servers or another site's mail server to relay mail without the express permission of the account holder or the site.

NETWORK SECURITY AND INTEGRITY

You may not violate the security of our Network in any way. Such violations may result in criminal or civil liability. TAG may, but is not obligated to, investigate any violation of our Network. TAG may cooperate with law enforcement where criminal or unauthorized activity is suspected. By using TAG products and Services or sending, receiving, posting, accessing, or storing any electronic transmission via our Network, you agree to cooperate in any such investigation. Examples of Network security violations include, without limitation:

Hacking: Unauthorized access to or use of data, systems, or networks, including any attempt to probe, scan or test the vulnerability of a system or network or to breach security or authentication measures without the express prior authorization of the owner of the system or network.

Interception: Unauthorized monitoring of data or traffic on any network or system without the express prior authorization of the owner of the system or network.

Intentional Interference: Interference with service to any user, host, or network including, without limitation, denial-of-service attacks, mail bombing, news bombing, other flooding techniques, deliberate attempts to overload a system, and broadcast attacks.

Falsification of Origin or Routing Information: Using, selling, or distributing in conjunction with the Network, any computer program designed to conceal the source or routing information of electronic mail messages in a manner that falsifies an Internet domain, header information, date or time stamp, originating e-mail address, or other identifier.

Avoiding System Restrictions: Using manual or electronic means to avoid any limitations established by TAG or attempting to gain unauthorized access to, alter, or destroy any information that relates to any TAG customer or other end-user. TAG may, but is not obligated to, take any action it deems necessary to (1) protect its Network, its rights, or the rights of its customers or third parties, or (2) optimize or improve its Network, services, systems, and equipment. You acknowledge that such action may include, without limitation, employing methods, technologies, or procedures to filter or block messages sent through the Network. TAG may, in its sole discretion and at any time, filter "spam" or prevent "hacking," "viruses," or other potential harms without regard to any preference you may have communicated to us.

INVESTIGATION AND ENFORCEMENT OF THE POLICY

We have the right, but are not obligated, to strictly enforce this AUP through self-help, active investigation, litigation, and prosecution.

TAG reserves the right to act immediately and without notice to restrict, suspend, or terminate your use of the Network if it reasonably determines that your conduct may: (1) expose TAG to sanctions, prosecution, civil action, or other liability; (2) cause

harm to or interfere with the integrity or normal operations of TAG's Network or networks with which TAG is interconnected; (3) interfere with another TAG customer's use of the Network; (4) violate any applicable law, rule, or regulation; or (5) otherwise present an imminent risk of harm to TAG or its customers.

TAG has the right, but not the obligation, to monitor or restrict any uses of the Network that TAG reasonably believes in its sole discretion violate this AUP. You are solely responsible for all content that you transmit or receive utilizing the Network, and you are responsible for abuse of your account by others.

We may also access and disclose any information (including transactional information) related to your access and use of our Network for any lawful reason, including but not limited to: (1) responding to emergencies; (2) complying with the law (e.g., a lawful subpoena); (3) protecting our rights or property and those of our customers; or (4) protecting users of those services and other carriers from fraudulent, abusive, or unlawful use of or subscription to such services. **INDIRECT OR ATTEMPTED BREACHES OF THIS POLICY AND ACTUAL OR ATTEMPTED BREACHES BY A THIRD PARTY ON BEHALF OF A COMPANY, CUSTOMER, OR USER MAY BE CONSIDERED BREACHES OF THIS POLICY BY SUCH COMPANY, CUSTOMER, OR USER.**

Any failure to insist upon or enforce performance of any provision in this AUP will not be construed as a waiver of any provision or right. Neither the course of conduct between the parties nor trade practice will act to modify any provision in this AUP. TAG may assign its rights and duties under these terms to any party at any time without notice to you. If any provision of this AUP is deemed unlawful, void, or for any reason unenforceable, then that provision will be deemed severable from these terms and conditions so that it does not affect the validity and enforceability of any remaining provisions.

General Terms and Conditions of Service (T's & C's)

Basic Definitions

In this document:

- (1) "we," "us," "our," and "TAG" mean TAG Mobile, LLC and its affiliates;
- (2) "you," "your," "customer," and "user" mean an account holder or user with us;
- (3) "Device" means any phone, aircard, mobile broadband device, any other device, accessory or other product we sell to you or that is active on your account with us; and
- (4) "Service" means our offers, rate plans, options, wireless Service Plans or Devices on your account with us.

Services Covered by These T's & C's & Additional Terms

These T's & C's apply to all wireless Services and Plans, including Lifeline supported Service except where indicated, and any other Service we offer you that references these T's & C's. Additional terms will apply to certain Devices and applications (the terms may come from TAG or a third party) and will be provided with the Device or prior to the use of the application, as applicable. Also, a different dispute resolution provision may apply to services provided by another company (the dispute resolution provisions in this Agreement still apply to our Services).

Pre-Paid Services

All TAG Services are provided on a pre-paid basis. TAG does not condition the provision of Service on a consumer's credit rating, credit history or other method of determining credit worthiness. TAG does not provide your payment history and other account billing/charge information to any credit reporting agency or industry clearinghouse. You aren't responsible for paying an early termination fee when terminating Services and no deposits are held or required as a condition of Service nor does TAG have any preset account spending limits.

Our Right To Change The Agreement & Your Related Rights

We may change any part of the Agreement at any time, including, but not limited to, rates, charges, how we calculate charges, or the ToS. We will provide you notice of material changes, and may provide you notice of non-material changes, in a manner consistent with the Agreement (see "Providing Notice To Each Other Under The Agreement" section), and/or pursuant to any applicable Orders, rules or regulations of a regulatory authority having jurisdiction over the Services or this Agreement.

Our Right To Suspend Or Terminate Services

TAG will not terminate service upon less than 15 days written notice to you, except for those specific circumstances described herein. Specifically, TAG can, without notice, suspend or terminate any Service at any time for the following reasons:

- 1) If a condition immediately dangerous or hazardous to life, physical safety, or property exists; or
- 2) Upon order by any court, the Commission, or any other duly authorized public authority; or
- 3) For a violation or breach of this Agreement
- 4) If service was obtained fraudulently or without the authorization of the provider or is being used for, or suspected of being used for, fraudulent purposes; or
- 5) Obtaining service by subterfuge that includes, but is not restricted to, an application for service at a location in the name of another party; or
- 6) In accordance with the rules and regulations of any regulatory or governmental authority having jurisdiction over the services and/or devices that are subject to the terms of this Agreement.

Your Right To Change Services & When Changes Are Effective

The account holder can typically change Services upon request. In some instances, changes may be conditioned on payment of certain charges. Changes to Services are usually effective at the start of the next monthly service renewal date. We may, but are not obligated to, provide you the opportunity to authorize someone else to make changes to your Services. You are responsible for any changes to your Services made by a person you authorize and those changes will be treated as modifications to the Agreement.

Your Right To Terminate Services

You can terminate Services at any time by calling us and requesting that we deactivate all Services. In addition, if you return or provide your Device to TAG and fail to either deactivate service on the Device or activate another Device in connection with your Service, we reserve the right to terminate your Service. You are responsible for all charges incurred prior to termination. If Services are terminated before your next monthly service renewal date, we won't prorate charges to the date of termination and you won't receive a credit or refund for any unused Services.

Restrictions On Using Services

You can't use our Services:

- (1) in a way that could cause damage or adversely affect any of our other customers or our reputation, network, property or Services; or
- (2) in any way prohibited by the terms of our Service Plans or the Agreement. You cannot in any manner resell the Services to another party.

See our AUP for additional restrictions on the use of our Services.

Your Device, Number & E-mail Address; Caller ID

We don't manufacture any Device we might sell to you or that is associated with our Services, and we aren't responsible for any defects, acts or omissions of the manufacturer. The only warranties on your Device are the limited warranties given to

you by the manufacturer directly or that we pass through. Your Device is designed to be activated on the TAG network and in other coverage areas we make available to you. As programmed, it will not accept wireless service from another carrier. Except for any legal right you may have to port/transfer your phone number to or from another carrier, you have no and cannot gain any (for example, through publication, use, etc.) proprietary, ownership or other rights to any phone number, identification number, e-mail address or other identifier we assign to you, your Device or your account. We'll notify you if we decide to change or reassign them. Your TAG phone has a software programming lock that protects certain of the handset's operating parameters against unauthorized reprogramming.

Porting/Transferring Phone Numbers

We don't guarantee that number transfers to or from us will be successful. If you authorize another carrier to transfer a number away from us, then that is considered a request by you to us to terminate all of the Services associated with that number. Further, in transferring a number to TAG from another carrier, you are solely responsible for all charges billed or incurred prior to deactivation of service with your prior carrier and for any applicable early termination fees assessed by your prior carrier.

Coverage; Where Your Device Will Work; Service Speeds

Our coverage maps are available on our website. The specific network coverage you get will depend on the radio transmissions your Device can pick up and Services you've chosen. Our coverage maps provide high level estimates of our coverage areas when using Services outdoors under optimal conditions. Coverage isn't available everywhere and Service speeds are not guaranteed. Service speeds may depend on the Service purchased. Actual speeds will vary. Estimating wireless coverage, signal strength and Service speed is not an exact science. There are gaps in coverage within our estimated coverage areas that, along with other factors both within and beyond our control (network problems, network or internet congestion, software, signal strength, your Device, structures, buildings, weather, geography, topography, server speeds of the websites you access, etc.), may result in dropped and blocked connections, slower Service speeds, or otherwise impact the quality of Service. Services that rely on location information, such as E911 and GPS navigation, depend on your Device's ability to acquire satellite signals (typically not available indoors) and network coverage. While your Device is receiving a software update, you may be unable to use your Device in any manner until the software update is complete.

Roaming

The term "roaming" typically refers to coverage on another carrier's network that we may make available to you based on our agreements with other carriers. These agreements may change from time to time and roaming coverage is subject to change. Your ability to receive roaming coverage depends on the radio transmissions your Device can pick up and the availability of roaming coverage. TAG makes no guaranty that roaming coverage will be available in all areas, and further, roaming may not be available to customers who reside or whose primary use is outside an area

covered by the TAG Network. Roaming coverage may exist both within and outside our network coverage areas. Your Device will generally indicate when you're roaming. Depending on your Services, limits on the amount of minutes used while roaming may apply. Certain Services may not be available or work the same when roaming (including data Services, voicemail, call waiting, etc.). TAG reserves the right to deny, terminate, modify, disconnect or suspend service if the majority of minutes or kilobytes are used for roaming.

About Data Services & Content

TAG's data Services and your Device may allow you to access the internet, text, pictures, video, games, graphics, music, email, applications, sound and other materials ("Data Content") or send Data Content elsewhere. Some Data Content is available from us or our vendors, while other Data Content can be accessed from others (third party websites, games, ringtones, etc.). We make absolutely no guarantees about the Data Content you access on your Device. Data Content may be unsuitable for children/minors, unreliable or inaccurate, or offensive, indecent or objectionable. You're solely responsible for evaluating the Data Content accessed by you or anyone on your account. We strongly recommend you monitor data usage by children/minors. Data Content from third parties may also harm your Device or its software. To protect our network, Services, or for other reasons, we may place restrictions on accessing certain Data Content (such as certain websites, applications, etc.), limit throughput or the amount of data you can transfer, or otherwise limit or terminate Services. If we provide you storage for Data Content you have purchased, we may delete the Data Content with notice or place restrictions/limits on the use of storage areas. You may not be able to make or receive voice calls while using data Services. Data Content provided by our vendors or third parties is subject to cancellation or termination at any time without notice to you and you may not receive a refund for any unused portion of the Data Content.

Specific Terms & Restrictions On Using Data Services

In addition to the rules for using all of our other Services, unless we identify the Service or Device you have selected as specifically intended for that purpose (for example, wireless routers, Data Link, etc.), you can't use our data Services:

- (1) with server devices or host computer applications, or other systems that drive continuous heavy traffic or data sessions;
- (2) as a substitute or backup for private lines or frame relay connections; or
- (3) for any other unintended use as we determine in our sole discretion.

We reserve the right to limit, suspend or constrain any heavy, continuous data usage that adversely impacts our network performance or hinders access to our network. If your Services include web or data access, you also can't use your Device as a modem for computers or other equipment, unless we identify the Service or Device you have selected as specifically intended for that purpose.

Activation & Miscellaneous Charges

Based on current business practices, we may charge activation (except for Lifeline Customers), prepayment, reactivation, program or other fees to establish or maintain Service(s). Certain transactions may also be subject to a charge (for example, convenience payment, changing phone numbers, handset upgrades, etc.). You will be provided notice of these types of fees before we complete the requested transaction.

Account & Service Charges

You are responsible for all charges associated with your account and the Service(s) on your account, no matter who adds or uses the Service(s). Charges include, but are not limited to, usage charges, charges for additional services, taxes, surcharges and fees associated with your Services. These charges are described or referred to during the sales transaction, in our marketing materials, and in confirmation materials we may send to you. Depending on your Service(s), charges for additional services may include operator and directory assistance, voicemail, call forwarding, data calls, texts and web access. If you (the account holder) allow end users to access or use your Devices, you authorize end users to access, download and use Services. For Services offered on a per-day basis, you will generally be charged for use before or at the time of use. In certain instances, we may charge at some point after you use the Services. Services offered on a per-day basis end 24 hours after Service is initiated.

How We Calculate Your Usage For Decrementing Purposes

Regular Voice Calls: We round up partial minutes of use to the next full minute after the first 30 seconds. Time starts when you press "Talk" or your Device connects to the network and stops when you press "End" or the network connection otherwise breaks. You're decremented minutes for all calls that connect, even to answering machines. Minutes won't be decremented for unanswered calls or if you get a busy signal. For incoming calls answered, minutes are decremented from the time shortly before the Device starts ringing until you press END or the network connection otherwise breaks.

Text Messaging: Unless specific Service Plan terms apply, the rate to receive or send a text message to another phone is 1 minute per 1 text message either sent or received and applies when text messaging is not an included component of a Service Plan or when all text messages included in a Service Plan have been used. Plan minutes are not decremented until the third text message is either sent or received, and rounding does not apply.

Data Usage: Unless we specifically tell you otherwise, data usage is measured in bytes, kilobytes, megabytes, and gigabytes - not in minutes/time. 1024 bytes equals 1 kilobyte ('KB'), 1024 KB equals 1 megabyte, and 1024 megabytes equals 1 gigabyte. Bytes are rounded up to kilobytes, so you will be decremented at least 1 KB for each data usage session ('data session'). Rounding occurs at the end of each data session, and sometimes during a data session. Depending on your data Services you may be subject to limitations on the amount of data usage. Data Services decrement for all data directed to your Device's internet address, including data sessions you did not initiate and for incomplete transfers. As long as your Device is connected to our data network, data usage will be decremented. Examples of data usage decremented for

include the size of a requested file or Data Content (game, ringtone, etc.), web page graphics (logos, pictures, banners, advertisement, etc.), additional data used in accessing, transporting and routing the file on our network, data from partial or interrupted downloads, re-sent data, and data associated with unsuccessful attempts to reach websites or use applications. Data used and decremented will vary widely, even between identical actions or data sessions. Estimates of data usage - for example, the size of downloadable files - are not reliable predictors of actual usage.

Taxes & Government Fees

You agree to pay all federal, state and local taxes, fees and other assessments that are required by law to be collected and remitted to the government on the Services and/or Devices provided to you. These charges may change from time to time without advance notice. In most circumstances, all federal, state and local taxes, fees and other assessments are included in the price of Service for both pre-paid and Lifeline Supported Service(s).

Surcharges

You agree to pay all surcharges ("Surcharges"), which may include, but are not limited to: Federal Universal Service, various regulatory charges, TAG administrative charges, gross receipts charges, and charges for the costs we incur in complying with governmental programs. Surcharges are not taxes and are not required by law. They are rates we choose to collect from you and are kept by us in whole or in part. The number and type of Surcharges may vary depending upon the location of the billing address of the Device and can change over time. We determine the rate for these charges and these amounts are subject to change as are the components used to calculate these amounts. We will provide you notice of any changes to Surcharges in a manner consistent with this Agreement (see "Providing Notice To Each Other Under The Agreement" section). However, since some Surcharges are based on amounts set by the government or based on government formulas, it will not always be possible to provide advance notice of new Surcharges or changes in the amount of existing Surcharges. Information on Surcharges is provided during the sales transaction. In most circumstances, all Surcharges are included in the price of Service. With respect to Lifeline supported Service, no additional Surcharges are assessed, applied to or levied on Lifeline supported Service. Further, with the exception of taxes or other charges that are required by law or jurisdiction, any fees and/or charges associated with Lifeline supported Service are all inclusive, clearly documented and fully disclosed to the Lifeline applicant/subscriber and any regulatory authority having jurisdiction over such Services prior to the commencement of Service.

Customer Service

If you have a service or billing problem or inquiry, you may contact TAG'S Customer Service Department toll free at (866) 959-4918. We will make all reasonable attempts to resolve your problem or inquiry. In the event the Customer Service Department is unable to resolve your issue, your dispute will be escalated to the appropriate supervisory personnel of TAG. If you are still unsatisfied and/or your issue remains unresolved, TAG supervisory personnel will provide you with contact information for

the appropriate Consumer Affairs/Customer Dispute Resolution department of the relevant Utility Commission or other Regulatory Authority for your state and/or the FCC. This information can also be located on TAG's website at www.tagmobile.com/utilitycommissioncontacts. In the event that you wish to pursue resolution of your issue with TAG directly, the Dispute Resolution provisions of this Agreement will apply.

Protecting Our Network & Services

We can take any action to:

- (1) protect our network, our rights and interests, or the rights of others; or
- (2) optimize or improve the overall use of our network and Services.

Some of these actions may interrupt or prevent legitimate communications and usage, for example message filtering/blocking software to prevent SPAM or viruses, limiting throughput, limiting access to certain websites, applications or other Data Content, prohibitions on unintended uses (for example, use as a dedicated line, or use as a monitoring service), etc. For additional information on what we do to protect our customers, network, Services and equipment, see our AUP.

Your Privacy

Our Privacy Policy is available on our website. To review the policy, visit www.tagmobile.com. This policy may change from time to time, so review it with regularity and care.

Call Monitoring:

To ensure the quality of our Services and for other lawful purposes, we may monitor or record calls between us (for example, your conversations with our customer service or sales departments).

Contact:

You agree that we may contact you for Service related reasons through the contact information you provide, through the Services or Devices to which you subscribe or through other available means, including text message, email, fax, recorded message, mobile, residential or business phone, or mail.

CPNI: As we provide telecommunications products and Services to you (the account holder), we develop information about the quantity, technical configuration, type and destination of telecommunications products and Services you use, as well as some other information ("CPNI"). Under federal law, you have the right, and we have a duty, to protect the confidentiality of your CPNI. For example, we implement safeguards that are designed to protect your CPNI, including authentication procedures when you contact us.

Third Party Applications: If you use a third party application, the application may access, collect, use or disclose your personal information or require TAG to disclose

your information, including location information (when applicable), to the application provider or some other third party. If you access, use or authorize third party applications through the Services, you agree and authorize TAG to provide information related to your use of the Services or the application(s). You understand that your use of third party applications is subject to the third party's terms and conditions and policies, including its privacy policy.

Information on Devices:

Your Device may contain sensitive or personal information. TAG is not responsible for any information on your Device, including sensitive or personal information. If possible, you should remove or otherwise safeguard any sensitive or personal information when your Device is out of your possession or control, including, but not limited to, relinquishing, exchanging, returning or recycling your Device. By submitting your Device to us, you agree that our employees, contractors or vendors may access all of the information on your Device.

Location Based Services

Our network generally knows the location of your Device when it is outdoors and/or turned on. By using various technologies to locate your Device, we can provide enhanced emergency 911 ("E-911") services, and optional location-sensitive services provided by us or a third party. Network coverage or environmental factors (such as structures, buildings, weather, geography, landscape, and topography) can significantly impact the ability to access your Device's location information and use of location-sensitive services.

You agree that any authorized user may access, use or authorize TAG or third party location sensitive applications through the Services. You understand that your use of such location sensitive applications is subject to the application's terms and conditions and policies, including its privacy policy. If you activate location sensitive services for devices used by other authorized users, you agree to inform the authorized user(s) of the terms of use for location sensitive applications and that the Device may be located. For additional information on location-sensitive services, see our Privacy Policy at our website.

911 Or Other Emergency Calls

Public Safety Officials advise that when making 911 or other emergency calls, you should always be prepared to provide your location information. Unlike traditional wireline phones, depending on a number of factors (for example, whether your Device is GPS enabled, where you are, whether local emergency service providers have upgraded their equipment, etc.), 911 operators may not know your phone number, your location or the location of your Device. In certain circumstances, an emergency call may be routed to a state patrol dispatcher or alternative location set by local emergency service providers. E911 service, where enabled by local emergency authorities, uses GPS technology to provide location information. Even when available, however, E911 does not always provide accurate location information. If your Device is indoors or for some other reason cannot acquire a satellite signal, you

may not be located. Some Devices have a safety feature that prevents use of the keypad after dialing 911 - you should follow voice prompts when interacting with emergency service providers employing IVR systems to screen calls.

Handset Warranty

TAG Mobile offers a Limited 90-day Warranty on handsets provided free to Lifeline customers, with a Full Warranty in effect for the first 10 business days following customer receipt of the equipment. Specifically, TAG Mobile Lifeline handsets will be replaced free of charge up to 10 business days following customer receipt for any reason. After 10 business days, TAG Mobile assesses a \$20 replacement fee for lost or stolen handsets provided free with the standard Lifeline Plans. Free Lifeline phones that are found to be defective after the initial 10 business days may also be replaced free of charge, with the exception of damage or defect resulting from misuse or abuse of the equipment.

If Your Device Is Lost or Stolen

Call us immediately if your Device is lost or stolen because you may be responsible for usage occurring before you notify us of the alleged loss or theft. You agree to cooperate if we choose to investigate the matter (provide facts, sworn statements, etc.). We will not prorate charges to the date of termination and you won't receive a credit or refund for any unused Services if you choose to terminate Services as a result of loss or theft of your Device.

Disclaimer of Warranties

WE MAKE NO REPRESENTATIONS OR WARRANTIES, EXPRESS OR IMPLIED, INCLUDING (TO THE EXTENT ALLOWED BY LAW) ANY IMPLIED WARRANTY OF MERCHANTABILITY, NON-INFRINGEMENT OR FITNESS FOR A PARTICULAR PURPOSE CONCERNING YOUR SERVICES (INCLUDING YOUR DEVICE). WE DON'T PROMISE UNINTERRUPTED OR ERROR-FREE SERVICES AND DON'T AUTHORIZE ANYONE TO MAKE WARRANTIES ON OUR BEHALF.

You Agree We Are Not Responsible For Certain Problems

You agree that neither we nor our vendors, suppliers or licensors are responsible for any damages resulting from:

- (1) anything done or not done by someone else;
- (2) providing or failing to provide Services, including, but not limited to, deficiencies or problems with a Device or network coverage (for example, dropped, blocked, interrupted Services, etc.);
- (3) traffic or other accidents, or any health-related claims relating to our Services;
- (4) Data Content or information accessed while using our Services;
- (5) an interruption or failure in accessing or attempting to access emergency services from a Device, including through 911, Enhanced 911 or otherwise;
- (6) interrupted, failed, or inaccurate location information services;
- (7) information or communication that is blocked by a spam filter;

- (8) damage to your Device or any computer or equipment connected to your Device, or damage to or loss of any information stored on your Device, computer, equipment, or Sprint storage space from your use of the Services or from viruses, worms, or downloads of malicious content, materials, data, text, images, video or audio; or
- (9) things beyond our control, including acts of God (for example, weather-related phenomena, fire, earthquake, hurricane, etc.), riot, strike, war, terrorism or government orders or acts. You should implement appropriate safeguards to secure your Device, computer or equipment and to back-up your information stored on each.

You Agree Our Liability Is Limited - No Consequential Damages

TO THE EXTENT ALLOWED BY LAW, OUR LIABILITY FOR MONETARY DAMAGES FOR ANY CLAIMS YOU MAY HAVE AGAINST US IS LIMITED TO NO MORE THAN THE PROPORTIONATE AMOUNT OF THE SERVICE CHARGES ATTRIBUTABLE TO THE AFFECTED PERIOD. UNDER NO CIRCUMSTANCES ARE WE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL, PUNITIVE OR SPECIAL DAMAGES OF ANY NATURE WHATSOEVER ARISING OUT OF OR RELATED TO PROVIDING OR FAILING TO PROVIDE SERVICES IN CONNECTION WITH A DEVICE, INCLUDING, BUT NOT LIMITED TO, LOST PROFITS, LOSS OF BUSINESS, OR COST OF REPLACEMENT PRODUCTS AND SERVICES.

DISPUTE RESOLUTION

We Agree To First Contact Each Other With Any Disputes

We each agree to first contact each other with any disputes and provide a written description of the problem, all relevant documents/information and the proposed resolution. We agree to contact each other as described in the Providing Notice to Each Other Under The Agreement section of the T's & C's.

Instead Of Suing In Court, We Each Agree To Arbitrate Disputes

We each agree to finally settle all disputes (as defined and subject to any specific exceptions below) only by arbitration. In arbitration, there's no judge or jury and review is limited. However, just as a court would, the arbitrator must honor the terms and limitations in the Agreement and can award the same damages and relief, including any attorney's fees authorized by law. The arbitrator's decision and award is final and binding, with some exceptions under the Federal Arbitration Act ("FAA"), and judgment on the award may be entered in any court with jurisdiction. We each also agree as follows:

- (1) "Disputes" are any claims or controversies against each other related in any way to our Services or the Agreement, including, but not limited to, coverage, Devices, privacy, or advertising, even if it arises after Services have terminated - this includes claims you bring against our employees, agents, affiliates or other representatives, or that we bring against you.
- (2) If either of us wants to arbitrate a dispute, we agree to send written notice to the other providing a description of the dispute, previous efforts to resolve the dispute, all supporting documents/information, and the proposed resolution.

Notice to you will be sent as described in the Providing Notice to Each Other Under The Agreement section of the T's & C's and notice to us will be sent to: Tag Mobile, LLC, Attn: General Counsel; 1330 Capital Parkway, Carrollton, TX 75006. We agree to make attempts to resolve the dispute. If we cannot resolve the dispute within forty-five (45) days of receipt of the notice to arbitrate, then we may submit the dispute to formal arbitration.

- (3) The FAA applies to this Agreement and arbitration provision. We each agree the FAA's provisions, not state law, govern all questions of whether a dispute is subject to arbitration.
- (4) Unless we each agree otherwise, the Arbitration will be conducted by a single neutral arbitrator and will take place in the county of the last billing address of the Device. We will agree on the arbitrator, and if we cannot agree, then the arbitrator will be appointed by the court as provided by the FAA.
- (5) The arbitration will be governed by the arbitration rules selected by the Arbitrator. The federal or state law that applies to the Agreement will also apply during the arbitration.
- (6) We each agree not to pursue arbitration on a classwide basis. We each agree that any arbitration will be solely between you and us (not brought on behalf of or together with another individual's claim). If for any reason any court or arbitrator holds that this restriction is unconscionable or unenforceable, then our agreement to arbitrate doesn't apply and the dispute must be brought in court.
- (7) We each are responsible for our respective costs relating to counsel, experts, and witnesses, as well as any other costs relating to the arbitration. However, we will cover any arbitration administrative or filing fees above:
 - a. \$25 if you are seeking less than \$1,000 from us; or
 - b. the equivalent court filing fees for a court action in the appropriate jurisdiction if you are seeking \$1,000 or more from us.

Exceptions To Our Agreement To Arbitrate Disputes

Either of us may bring qualifying claims in small claims court. In addition, this arbitration provision does not prevent you from filing your dispute with any federal, state or local government agency that can, if the law allows, seek relief against us on your behalf.

No Class Actions

TO THE EXTENT ALLOWED BY LAW, WE EACH WAIVE ANY RIGHT TO PURSUE DISPUTES ON A CLASSWIDE BASIS; THAT IS, TO EITHER JOIN A CLAIM WITH THE CLAIM OF ANY OTHER PERSON OR ENTITY, OR ASSERT A CLAIM IN A REPRESENTATIVE CAPACITY ON BEHALF OF ANYONE ELSE IN ANY LAWSUIT, ARBITRATION OR OTHER PROCEEDING.

No Trial By Jury

TO THE EXTENT ALLOWED BY LAW, WE EACH WAIVE ANY RIGHT TO TRIAL BY JURY IN ANY LAWSUIT, ARBITRATION OR OTHER PROCEEDING.

Indemnification

You agree to indemnify, defend and hold us harmless from any claims arising out of your actions, including, but not limited to, your use of the Service and any information you submit, post, transmit or make available via the Service, failing to provide appropriate notices regarding location-sensitive services (see "Location Based Services" section), failure to safeguard your passwords, backup question to your shared secret question or other account information, or violating this Agreement or any policy referenced in this Agreement, any applicable law or regulation or the rights of any third party.

Providing Notice To Each Other Under The Agreement

Except as the Agreement specifically provides otherwise, you must provide us notice by calling or writing us as instructed on our website. We will provide you notice through one or more of the following: correspondence to your last known billing address, to any fax number or e-mail address you've provided us, by calling you on your Device or any other phone number you've provided us, by voice message on your Device or any other phone number you've provided us, or by text message on your Device.

Other Important Terms

Subject to federal law or unless the Agreement specifically provides otherwise, this Agreement is governed solely by the laws of the state of Texas, without regard to the conflicts of law rules. If either of us waives or doesn't enforce a requirement under this Agreement in an instance, we don't waive our right to later enforce that requirement. Except as the Agreement specifically provides otherwise, if any part of the Agreement is held invalid or unenforceable, the rest of this Agreement remains in full force and effect. This Agreement isn't for the benefit of any 3rd party except our corporate parents, affiliates, subsidiaries, agents, and predecessors and successors in interest. You can't assign the Agreement or any of your rights or duties under it. We can assign the Agreement. You cannot in any manner resell the Services to another party. The Agreement and the documents it incorporates make up the entire agreement between us and replaces all prior written or spoken agreements. You can't rely on any contradictory documents or statements by sales or service representatives. The rights, obligations and commitments in the Agreement that, by their nature, would logically continue beyond the termination of Services (including, but not limited to, those relating to complaints, payment, E911, dispute resolution, no class action, no jury trial), survive termination of Services.
