Re: Complaint Status &
Reimbursement

Dear Ms. Dortch:

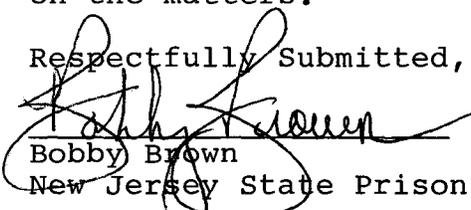

I am writing in regards to my complaint sent by Ms. Jean Ross, Esq. sometime on or around July/August 2012 to Ms. Julie Veach.

I have read the recent article in the Newspapers concerning the FCC's decision to cap the rate for prisoners telephone calls. However, my complaint went a little further because it also dealt with international phone calls and cell phones numbers to be approved by Global Tel*Link so we could call our family.

Furthermore, Is there a way for me to get a floor discussion of the arguments made during the hearing? and what procedures must an inmate or family member take to be reimbursed for these long-standing phone rates?

Any information that you can provide me with in this matter will be appreciated. I can inform the other prisoners here on the matters.

Respectfully Submitted,

Bobby Brown
New Jersey State Prison
