Terms of Service

Lifeline Pricing:

1.00 unlimited voice and text

Toll Pricing:

Directory Assistance: 1.00 per call

Introduction

True Wireless, LLC participates in a Lifeline Assistance program supported by the Federal Universal Service Fund program. The following Terms of Service apply to True Wireless, LLC services and mobile phones activated on True Wireless, LLC services.

Activating your True Wireless, LLC phone or making changes to your account will make these Terms of Services become effective. If you do not accept these terms, please contact True Wireless, LLC at 1-877-412-1919 before you activate your phone or make any changes to your account. When you accept these Terms of Service, you represent that you are at least 18 years of age and that you meet the eligibility standards for True Wireless, LLC service.

Our Right to Make Changes

Terms of Service may change at any time, including pricing for paid service. Unless expressly prohibited by law, we reserve the right to modify or cancel this service or your account or take corrective action at any time and for any reason, including, but not limited to, your violation of any provision of these Terms of Service. Your right to use our service is subject to our business policies, practices and procedures, rates and these Terms of Service, which we may change at any time.

Mobile Telecommunications Services

Airtime may be used for domestic calling and for related services as provided in these Terms of Service.

True Wireless, LLC provides service for personal use only. Service may not be transferred to any third party or shared among multiple individuals.

You may not use our service in a manner that interferes with another customer's use of our service. Our ability to provide good service may be impaired when customers place abnormally high numbers of calls, send or receive unusually high numbers of messages, or repeatedly place calls of unusually long duration, relative to typical usage by other customers on similar service plans. Such a typical usage suggests that a mobile phone is being used other than for personal use in violation of these Terms of Service. True Wireless, LLC has safeguards to ensure that its customers do not use the service in an unreasonable manner – that is, usage that is inconsistent with personal, non-commercial use. True Wireless, LLC reserves the right to respond to such atypical usage by suspending service to the device in question.

In the state of Oklahoma, True Wireless, LLC offers an unlimited voice plan. **UNLIMITED USE DOES NOT MEAN UNREASONABLE USE.** Unlimited voice services are provided solely for live dialogue between two individuals. True Wireless, LLC phones and mobile phone numbers may not be used for pager or voicemail-only service, and True Wireless, LLC may terminate any account if usage is limited to pager service or voicemail retrieval service.

You agree not to use True Wireless, LLC service in any way that is illegal, fraudulent or abusive, as determined by True Wireless, LLC in its sole discretion. You may not alter any of the hardware or software on your True Wireless, LLC phone for any purpose. We may change your mobile phone's software, applications or programming remotely and without notice. This may affect stored data or other personal information or programming on your mobile phone for which we are not responsible. True Wireless, LLC phones may not be purchased in bulk or sold to third parties.

Local phone numbers may not be available in certain markets. Wireless services use radio transmissions and are therefore affected by limitations. Coverage is not available everywhere. Quality of service may be affected by conditions beyond our control, including atmospheric, geographic, or topographic conditions, or by your damaging your mobile phone. We do not warrant or guarantee that service will be available at any specific time or geographic location, or that service will be provided without interruption. We may give credit for continuous service interruption of more than 24 hours on a case-by-case basis, if such interruption was reasonably within our control, and you notify True Wireless, LLC at 1-877-412-1919 within seven days of the interruption.

Any statements or maps provided by us, our agents, or dealers about coverage are only intended to provide high-level estimates of our coverage areas when using our service outdoors under optimal conditions and do not mean that service will be available under all circumstances, at all times or without interruption. Estimating wireless coverage and

signal strength is not an exact science. There are gaps in coverage within our estimated coverage areas that, along with other factors both within our control, may result in service interruptions, slower data speeds, or lower quality of service. You should therefore never solely rely on your mobile phone for emergency calls, such as to 911.
