Dear Ms. Dortch:

By letter dated November 7, 2013 in the above-captioned proceedings, the Public Utility Commission of Texas ("Texas PUC") disputed certain factual information contained in a September 13, 2013 letter from undersigned counsel summarizing a meeting held that date among counsel, Javier Rosado of TracFone Wireless, Inc., and several members of the staff of the Wireline Competition Bureau Telecommunications Access Policy Division. The information disputed by the Texas PUC involved the percentage of Eligible Telecommunications Carriers in Texas who do not use a state database to verify Lifeline eligibility, and the exclusion of Temporary Assistance for Needy Families from the list of Lifeline-qualifying programs whose participation may be verified through the state database.

Subsequent to receipt of the Texas PUC letter, TracFone has been in contact with the Texas PUC staff and explained that the misstatements were the result of a misunderstanding of information provided to TracFone by the Texas PUC. TracFone concurs with the information set forth in the Texas PUC letter for November 7, 2013 and apologizes for any confusion which may have been caused by its September 13 letter.

Pursuant to Section 1.1206(b) of the Commission's rules, this letter is being filed electronically. If there are questions, please communicate directly with the undersigned.

Sincerely,

Mitchell F. Brecher
