**Re: Supplement to Dawson Memorial Baptist Church Request
for Exemption
Case Identifier: CGB-CC-0144
CG Docket No. 06-181**

Dear Ms. King:

At the request of the Consumer & Government Affairs Bureau ("Bureau") of the Federal Communications Commission ("FCC" or "Commission") and pursuant to Section 713(e) of the Communications Act and Section 79.1(f) of the Rules and Regulations of the Federal Communications Commission ("FCC" or "Commission"),¹ Dawson Memorial Baptist Church ("Dawson" or the "Church"), hereby supplements its January 17, 2012 request for waiver of Section 79.1 of the Commission's closed captioning rules.

Pursuant to the Bureau's request and in accordance with Section 713(e) of the Communications Act, Section 79.1(f) of Commission's rules and consistent with the *2011 Anglers Order*,² Dawson hereby provides this supplement with updated documentation in support of its claim that providing closed captions would be "economically burdensome."

I. Name of the Programming for Which an Exemption is Requested

¹ 47 U.S.C. § 613(e); 47 C.F.R. § 79.1(f).

² *Anglers for Christ Ministries, Inc., New Beginning Ministries, Video Programming Accessibility, Petitioners Identified in Appendix A, Interpretation of Economically Burdensome Standard, Amendment of Section 79.1(f) of the Commission's Rules, Video Programming Accessibility*, CGB-CC-0005, CGB-CC-0007, CG Docket No. 06-181, CG Docket No. 11-175, Memorandum Opinion and Order, Order, and Notice of Proposed Rulemaking, FCC 11-159 (rel. October 20, 2011) ("*2011 Anglers Order*").

The name of the programming for which an exemption is requested is Dawson Memorial Baptist Church.

II. Nature and Cost of the Closed Captions for the Programming

Dawson is a Baptist Christian family church supported almost entirely by the contributions and donations of its members, but also by bank loans. Dawson's video program airs on Sunday at 10 a.m. on a one-week delay on WIAT/CBS, channel 42 ("WIAT") in Birmingham, Alabama. Dawson provides this service to its members that cannot physically attend religious services, mainly the elderly, sick, and disabled. The church service broadcast is aired locally to a small Sunday morning audience. As demonstrated in Exhibits A1 and A2, Dawson has spent between \$193,800 and \$212,700 to air its weekly broadcasts respectively for the past two years and will incur another increase from WIAT for 2014. Based on recent estimates received in 2013 (attached as Exhibit B), closed captioning services are estimated to cost an additional \$500 to \$760 per week, or \$26,000 to \$39,520 annually (not including separate shipping charges and additional personnel costs) to immediately comply with the Commission's closed captioning mandate.³ This is now much higher than estimates received in prior years. The estimated cost to produce the closed captioning in-house (attached as Exhibit C) is approximately \$17,000 in the first year, then approximately \$10,000-\$12,000 annually depending on needed software upgrades and personnel costs. The additional and significant expense to provide closed captioning would be economically burdensome on Dawson.

III. The Impact of Captioning on Programming Activities

Dawson is able to provide the weekly broadcast solely through contributions and donations of its members. Also, the FCC's prior grant of a permanent waiver allowed Dawson to continue budgeting for its weekly broadcast without additional costs. The immediate imposition of the FCC's closed captioning immediately would be economically burdensome for Dawson, possibly forcing Dawson to forego other key religious services and missions in order to afford the cost of closed captioning or even cause Dawson to discontinue the broadcast altogether, depriving the community's elderly and disabled members from participating in church services. Dawson has already experienced a 2.5% increase from WIAT effective September 2013 and anticipates additional cost increases in the future. This comes at a time when other church programming costs are on the rise, as well as increases in items such as employee benefit costs (specifically health insurance), facility maintenance, postage, information technology and utilities.

Dawson's Statements of Income for the two most recent completed calendar years, 2011 and 2012, are attached as Exhibits A1 and A2, respectively. Dawson's profits for these years are \$112,415 and \$251,980, respectively. These profits are rolled into a fund that is used for unplanned, extraordinary expenses related to the advanced age of many of the church buildings and equipment, some older than 50 years of age. The use of these funds may be accessed only after approval by vote of the church Finance Team, Deacons and church membership.

Dawson has a cash audit performed every year by an independent local CPA firm. The audit reports for 2011 and 2012 are included as Exhibits E1 and E2, respectively.

Dawson prepares its financial statements using the cash basis of accounting. For that reason we do not have current assets and liabilities. Our balance sheets for 2011 and 2012 are attached as Exhibits F1 and F2, respectively.

In order to mitigate such costs consistent with FCC policy, Dawson sought from WIAT the donation of or assistance toward the cost of such services.⁴ However, as provided in Exhibit D, WIAT informed Dawson that it offers no such assistance to its clients.⁵ In its *2011 Anglers Order*, the Commission has indicated that soliciting funds from video programming distributors is necessary to meeting one's captioning obligations, and that evidence of such solicitation is required before a petitioner may qualify for a captioning exemption.⁶ Furthermore, Dawson has been precluded from soliciting additional sponsorships or outside sources of revenue so as to not jeopardize the church's tax exempt status under Section 501(c)(3) of the Internal Revenue Code.

In order to be able to afford and purchase regular closed captioning for its weekly broadcasts, Dawson would need time to reassess its budget to incorporate funds for this service. Dawson has already completed budgeting for FY 2014 and promotional plans are already underway to raise awareness for that year's budget. Because of its complex budget process, Dawson estimates that the earliest it would be able to budget for and afford closed captioning would be approximately one year (FY 2015), and even then the

provision of such service may come at the expense of cutting other key church services.

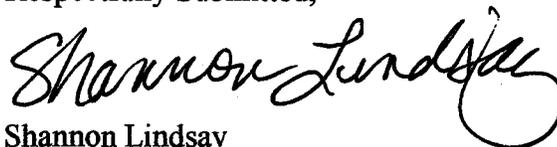

V. The Type of Operations of the Provider

Dawson is a family church that seeks to be found faithful as God's people. Dawson's members come from all over the greater Birmingham metropolitan area and from many different walks of life. Although Dawson's members are diverse in background, Dawson shares a very strong common bond through faith in the Lord and Savior, Jesus Christ. Dawson's members take seriously His teaching and seek to practice their faith each day in the church, in their homes, and in the workplace. Dawson's members are highly motivated to help others through service, which is a theme, common to all Dawson ministries. Dawson's mission budget alone makes up over 15% of the total budget, and included in this portion of the budget is our Television Ministry. Any increase in costs to produce Dawson's television product could reduce or eliminate other mission related activities of the church, which would impact people in need and reduce our ability to reach others for Christ.

Dawson, through its weekly broadcasts, wishes to continue to provide these services to its members that cannot otherwise attend weekly sermons. As stated herein, if Dawson were required to provide closed captioning then the added costs may force it to discontinue its weekly broadcasts, which Dawson believes was not the FCC's intent when promulgating its unfunded closed captioning requirements.

Grant of the requested waiver is consistent with the public interest and the FCC's "economically burdensome" standard. Based on the foregoing supplement, Dawson respectfully requests that the Commission grant Dawson a waiver of the Commission's closed captioning rules based on the showing herein that the immediate implementation of such rules will be economically burdensome on the Church.

Respectfully Submitted,

Shannon Lindsay

Subject: Closed-captioning services

Importance: High

Shannon,

Thank you for reaching out and for allowing us the opportunity to bid on closed-captioning services for the church television ministry.

We are 10-years in business as a full service television production company specializing in close-captioning. My business partner and I are both former broadcasters, so we know inside and out how to handle their needs. And the majority of our captioning business is for ministries so we understand your needs and concerns as well. We are used to working in tight deadline situations.

From our conversation our rates are as follows:

To transcribe and close caption a one hour HD program and deliver to the television station, typically via FTP file format: **\$500.**

If the ministry were willing to make a commitment of 6 months to use our services, we would be able to discount the cost to **\$400** per program.

In order to meet the stations deadline, which is Wednesday for the ensuing Sunday air date, we would need at least the program's audio as a file (mp3 or WAV) e-mailed or FTP by Tuesday 5pm. This will allow us to have it transcribed over-night. From there, we would need the video file by noon on Wednesday to caption and FTP to WIAT. As discussed we can fudge their deadline when/if needed as long as we don't abuse it.

We would like to have your business. We do not require a contract of any sort and we guarantee complete satisfaction for all of the work we do.

If you need references from some of our clients and/or ministries we would be more than glad to provide you contact names.

If you have any questions or need any additional information, please feel free to call me any time.

Best regards and blessings,
George B.

Recent Closed-Captioning Service Estimates

Closed Captioning Estimate

Master

Below is the price list for one of the nations top closed captioning companies. The price to have a 1 hour show captioned, with a 2 day turnaround from them would cost \$760 if you needed them to transcribe it and caption it. Plus \$50 dollars to create an mpeg file.

e-Captioning Workflow

1. Upload a small proxy video file
2. CPC transcribes & creates caption files for your video file
3. A caption file is emailed to you
4. You lay down the caption file to tape with your NLE

Transcription Only	
2 day turnaround	\$4/min
5 day turnaround	\$3/min

The e-Captioning Workflow e-Captioning can be used for virtually all captioning tasks SD or HD using the NLE hardware you already have.

Converting captioned TV video to captioned web video CPC will help you comply with the new web closed captioning law.

Master Video can close caption your one hour program with a 2 day turnaround for \$400, plus we can create the mpeg file for free. This includes transcription and captioning of the show. I know you guys have a very short turnaround time. If you guys were able to stagger the show by one week we could probably lower the price to \$350. Each week you would upload the show file into a file sharing folder that we would then download. After transcribing the file we would add captions and create a mpeg2 file to upload to the station. We would need at least 2 weeks before the first show airs to work out any kinks and get the system flow down.

Independent Auditor's Report

Board of Deacons: The L.O. Dawson Memorial Baptist Church, Inc.
Board of Directors: Dawson Memorial Baptist Church Foundation
Birmingham, Alabama

We have audited the accompanying combined statements of cash receipts and disbursements of The L.O. Dawson Memorial Baptist Church, Inc. and the Dawson Memorial Baptist Church Foundation for the years ended December 31, 2011 and 2010. These combined financial statements are the responsibility of the Church's management. Our responsibility is to express an opinion on these combined financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the statements of cash receipts and disbursements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statements of cash receipts and disbursements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the statements of cash receipts and disbursements. We believe that our audits provide a reasonable basis for our opinion.

As described in Note 1, the accompanying combined financial statements have been prepared on the cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the combined statements of cash receipts and disbursements referred to above present fairly, in all material respects, the cash receipts and disbursements of The L.O. Dawson Memorial Baptist Church, Inc. and the Dawson Memorial Baptist Church Foundation for the years ended December 31, 2011 and 2010 on the basis of accounting described in Note 1.

Note 1. Summary of Significant Accounting Policies

Organization

The L.O. Dawson Memorial Baptist Church, Inc. (the Church) is a not-for-profit organization located in Birmingham, Alabama. The Church's primary function is to provide religious leadership to its members and prospective members, the majority of whom are in the greater Birmingham area. The primary source of revenue to the Church is member contributions that are used to fund mission and church support programs, religious education and community benevolence programs.

Dawson Memorial Baptist Church Foundation (the Foundation) is a not-for-profit organization located in Birmingham, Alabama. The primary source of revenue to the Foundation is contributions of members of the Church, designated for the use of the Foundation.

The Boards of the Church and the Foundation are elected by the membership of the Church.

Basis of Accounting

The accompanying financial statements have been prepared on the cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. As a result, all contributions and receipts are recognized when cash is received rather than when earned and expenses and disbursements are recognized when cash is disbursed rather than when the obligation is incurred. Contributions of securities are recorded as contributions at the time the securities are liquidated and converted to cash. Other non-cash transactions including in kind contributions are not recognized in these financial statements. Contributions restricted by donors for specific purposes are recorded as designated contributions.

Reclassifications

Certain reclassifications have been made to the 2010 financial statements to conform to the 2011 financial statement presentation.

Income Taxes

The Church and the Foundation are exempt from federal income taxes under the provisions of Section 501(c)(3) of the Internal Revenue Code.

Note 1. Summary of Significant Accounting Policies - Continued

Concentration of Credit Risk

Financial instruments that potentially subject the Church to concentrations of credit risk consist principally of temporary cash investments. The Church maintains its cash balances primarily in one financial institution located in Birmingham, Alabama; however, investments are held at various other financial institutions. The balances are insured by the Federal Deposit Insurance Corporation up to \$250,000. At December 31, 2011 and 2010, the uninsured cash balance was \$1,374,462 and \$1,431,501, respectively.

Note 2. Contributions

The Church received members' contributions of \$10,000 and \$115,050 during 2011 and 2010, respectively, designated for the Foundation. The Foundation each transferred the funds to its investment account.

Note 3. Investments

At December 31, 2011 and 2010, the fair market value of the cash and investments of the Foundation was \$2,550,126 and \$2,662,671, respectively. Investment activity is presented as a net amount in the Combined Statements of Cash Receipts and Disbursements.

Note 4. Long-Term Debt

The Church has a term note agreement with a local financial institution. At December 31, 2010, the Church maintained a financing agreement with Wells Fargo, which bore interest at the Adjusted 30-day LIBOR Market Index Rate plus 1.25%, and is payable in 59 monthly installments. The interest rate charged on this note as of December 31, 2010 was 1.52%. The final balloon payment on the remaining balance was due February 2011. Total interest paid for the years ending December 31, 2011 and 2010 was \$20,357 and \$134,234, respectively. The remaining balance due on the Wells Fargo note for the year ending December 31, 2010 was \$2,597,189. During 2011, this note was paid in full.

Effective February 2011, the Church's financing was transferred to Regions Bank and all long-term debt with Wells Fargo was paid in full. The Regions note provides available credit of \$10,000,000 and bears interest at the Adjusted 30-day LIBOR Market Index Rate plus 2.23% and is payable in 60 monthly installments. The interest rate on this note as of December 31, 2011 was 2.50%. The unpaid principle and interest is due February, 2016. Total interest paid for the year ending December 31, 2011 was \$63,850. The balance for the year ending December 31, 2011 was \$5,235,446, including \$3,270,000 drawn to cover construction expenditures on the Arendall Children's Building.

In addition, the Church executed an agreement with Regions Bank in which the Church agrees not to mortgage, encumber or convey the real estate owned by the Church without the written consent of Regions Bank during the term of the loan.

Note 4. Long-Term Debt - Continued

In connection with these notes, the Church entered into an interest rate swap agreement with the commercial banks to manage its exposure to changes in interest rates on this floating interest rate note payable. In connection with the Wells Fargo loan, for the year ending December 31, 2010, the outstanding interest rate swap agreement fixed the interest rate on a notional principal amount of \$1,716,077. The cost to terminate this swap agreement at December 31, 2010 was \$19,405. In connection with the Regions loan, The Church executed a new swap agreement with a swap trade date of February 2, 2011 and a swap effective date of February 1, 2012. Annual maturities of long-term debt at December 31, 2011 are as follows:

Year ending December 31,

2016	\$ 5,235,446
------	--------------

Note 5. Line of Credit

The Regions Bank line of credit bears interest at the Adjusted 30-day LIBOR Market Index Rate plus 2.50%, which was 2.77% at December 31, 2011. No funds were utilized from this line of credit during the years ending December 31, 2011 and 2010.

Note 6. Income Taxes

In June 2006, the Financial Accounting Standard Board (FASB) issued FIN 48, "Accounting for Uncertainty in Income Taxes," an interpretation of FASB Statement No. 109, that clarifies the accounting and recognition for income tax positions taken or expected to be taken in the Church and Foundation's income tax returns. FIN 48 was incorporated in the FASB codification as ASC 740-10. The Church and Foundation have evaluated its tax positions and interpretations, and believe its positions are appropriate based on current facts and circumstances.

Independent Auditor's Report

Board of Deacons: The L.O. Dawson Memorial Baptist Church, Inc.
Board of Directors: Dawson Memorial Baptist Church Foundation
Birmingham, Alabama

We have audited the accompanying combined statements of cash receipts and disbursements of The L.O. Dawson Memorial Baptist Church, Inc. and the Dawson Memorial Baptist Church Foundation for the years ended December 31, 2012 and 2011, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting as described in Note 1; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosure in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also involves evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the combined statements of cash receipts and disbursements referred to above present fairly, in all material respects, the cash receipts and disbursements of The L.O. Dawson Memorial Baptist Church, Inc. and the Dawson Memorial Baptist Church Foundation for the years ended December 31, 2012 and 2011 on the cash basis of accounting described in Note 1.

Notes To Combined Financial Statements - Continued
For The Years Ended December 31, 2012 and 2011

Note 1. Summary of Significant Accounting Policies - Continued

Concentration of Credit Risk

Financial instruments that potentially subject the Church to concentrations of credit risk consist principally of temporary cash investments. The Church maintains its cash balances primarily in one financial institution located in Birmingham, Alabama; however, investments are held at various other financial institutions. The balances are insured by the Federal Deposit Insurance Corporation up to \$250,000. At December 31, 2012 and 2011, the uninsured cash balance was \$1,428,461 and \$1,374,462, respectively.

Note 2. Contributions

The Church received members' contributions of \$42,640 and \$10,000 during 2012 and 2011, respectively, designated for the Foundation. The Foundation transferred the funds to its investment account.

Note 3. Investments

At December 31, 2012 and 2011, the fair market value of the cash and investments of the Foundation was \$2,632,032 and \$2,550,126, respectively. Investment activity is presented as a net amount in the Combined Statements of Cash Receipts and Disbursements.

Note 4. Long-Term Debt

The Church has a term note agreement with a local financial institution. At December 31, 2010, the Church maintained a financing agreement with Wells Fargo, which bore interest at the Adjusted 30-day LIBOR Market Index Rate plus 1.25%, and was payable in 59 monthly installments. The final balloon payment on the remaining balance was paid February 2011. Total interest paid for the year ending December 31, 2011 was \$20,357.

Effective February 2011, the Church's financing was transferred to Regions Bank and all long-term debt with Wells Fargo was paid in full. The Regions note provides available credit of \$10,000,000 and bears interest at the Adjusted 30-day LIBOR Market Index Rate plus 2.23% and is payable in 60 monthly installments. The interest rate on this note as of December 31, 2012 and 2011 was 2.44% and 2.50%, respectively. The unpaid principle and interest is due February, 2016. Total interest paid for the years ending December 31, 2012 and 2011 was \$259,404 and \$63,850, respectively. The balance for the years ending December 31, 2012 and 2011 was \$6,079,281 and \$5,235,446, respectively. The balance includes \$ 4,931,000 drawn to cover construction expenditures on the Arendall Children's Building.

In addition, the Church executed an agreement with Regions Bank in which the Church agrees not to mortgage, encumber or convey the real estate owned by the Church without the written consent of Regions Bank during the term of the loan.

Note 4. Long-Term Debt - Continued

In connection with these notes, the Church entered into an interest rate swap agreement with the commercial banks to manage its exposure to changes in interest rates on this floating interest rate note payable. The Wells Fargo swap agreement changed the Church's effective interest rate on the notional amount to an effective fixed rate of 6.75%. The interest rate swap agreement matured in February 2011. In connection with the Regions loan, The Church executed a new swap agreement with a swap trade date of February 2, 2011 and a swap effective date of February 1, 2012. At the effective date, the outstanding interest rate swap agreement fixed the interest rate on a notional principal amount of \$4,000,000 at an effective interest rate of 5.12%. The interest rate swap agreement matures in February 2016. The cost to terminate this swap agreement at December 31, 2012 and 2011 was \$282,970 and \$294,294, respectively. The swap agreement is designated as a cash flow hedge. For the years ending December 31, 2012 and 2011, the Church paid a total of \$98,806 and \$11,933, respectively, in interest related to the interest rate swap.

Annual maturities of long-term debt at December 31, 2012 are as follows:

Year ending December 31,

2016	\$ 6,079,281
------	--------------

Note 5. Line of Credit

In 2010, the Church had a line of credit with Wells Fargo in the amount of \$1,000,000, bearing interest at the Adjusted 30-day LIBOR Market Index Rate plus 1.25%. Effective February 2011, the Church's financing was transferred to Regions Bank and the line of credit was reduced to \$500,000. The Regions Bank line of credit bears interest at the Adjusted 30-day LIBOR Market Index Rate plus 2.50%, which was 2.71% and 2.77% at December 31, 2012 and 2011, respectively. No funds were utilized from this line of credit during the years ending December 31, 2012 and 2011.

Note 6. Income Taxes

In June 2006, the Financial Accounting Standard Board (FASB) issued FIN 48, "Accounting for Uncertainty in Income Taxes," an interpretation of FASB Statement No. 109, that clarifies the accounting and recognition for income tax positions taken or expected to be taken in the Church and Foundation's income tax returns. FIN 48 was incorporated in the FASB codification as ASC 740-10. The Church and Foundation have evaluated its tax positions and interpretations, and believe its positions are appropriate based on current facts and circumstances.

On October 7, 2012, the Church voted to enter into a five year partnership with a 501(c)(3) nonprofit ministry based in Tampa, Florida that will provide funding for the construction and operation of two primary schools, training for pastors and resources for women's ministry in the community of Akot, South Sudan beginning in 2013. The Church will provide up to \$500,000 to this partnership. In addition to the funding, the Church will continue to send specialized mission teams to South Sudan.
