Re: Docket #FDA-2013-P-1374 for Citizens FDA Petition on Cellphones

I would like to add the following scientific facts to the FDA-2013-P-1374 Citizens FDA Petition on Cellphones which require immediate action on this Petition are:

- 1). Cellular Phone Radiation Exposure: A Potential Public Health Tsunami: Letter of introduction for 'Cell Phone Safety Concerns' 149 page manual submitted to City of San Francisco Board of Supervisors, dated 07/2013.**
- 2). Use of mobile phones and cordless phones is associated with increased risk for glioma and acoustic neuroma: Lennart Hardell, Michael Carlberg, and Kjell Hansson Mild, dated 11/15/2012.**
- 3). Swedish review strengthens grounds for concluding that radiation from cellular and cordless phones is a probable human carcinogen: Devra Lee Davis, Santosh Kesari, Colin L. Soskolne, Anthony B. Miller, and Yael Stein, dated 01/11/2013.**
- 4) Strengthened Scientific Circumstances further increase necessity for the City's Right-to-Know Ordinance and Justify a Major Public Health Education Campaign on Cell Phone Safety: Letter to City of San Francisco Board of Supervisors letter dated 05/03/2013.**
- 5) Martha Herbert, PhD, MD letter to the Los Angeles Unified School District (LAUSD) citing many studies that show a link from pregnant women's use of cellphone radiation to autism and microwave radiation from wireless routers and cell phone radiation causing ADD in children along with other behavioral disorders, dated 02/08/13.**
- 6) Autism and EMF? Plausibility of a path physiological link ---Part I: Martha R. Herbert, Cindy Sage, dated 07/15/2013**
- 7) Autism and EMF? Plausibility of a path physiological link ---Part II: Martha R. Herbert, Cindy Sage, dated 07/15/2013**
- 8) Support of H.R. 6358, the 'Cell Phone Right to Know Act': Letter from American Academy of Pediatrics (AAP), a non-profit organization of 60,000 primary care pediatricians dedicated to the health, safety and well-being of infants, children, adolescents and young adults sent to Congressman Dennis Kucinich, dated 12/12/2012.**
- 9) International Agency for Research on Cancer (IARC) Classifies Radiofrequency Electromagnetic Fields as possibly carcinogenic to humans: Press release from IARC/World Health Organization, dated 05/31/2011.**
- 10) Long-term exposure to microwave radiation provokes cancer growth: evidences from radars and mobile communication systems: I. Yakymenko, E. Sidorik, S. Kyrylenko, V. Chekhun, dated 03/21/2011.**
- 11) Testimony of Olga V. Naidenko, Ph. D. Senior Scientist Environment Working Group before the Subcommittee on Labor, Health and Human Services, and Education, and Related Agencies Committee on Appropriations United States Senate, before 'Hearing on The Health Effects of Cell Phone Use', dated 03/14/2009.**
- 12) Major Presence on Cell Phone Safety Concerns, 17 Media Stories listed from 2010 to 2013, from 'Cell**

Phone Safety Concerns' manual dated July 2013.

13) What do the Firefighters Know that We Don't?: <http://greenswan.org/firefighters-dont/> dated 07/10/2013.

14) Swedes Find GDM Radiation Causes Nerve Damage at Very Low Doses: Leakage Through the Blood-Brain Barrier: Drs. Leif Salford and Bertil Persson, Microwave News, dated Jan/Feb 2003.

15) 1993 FDA Memo: Data "Strongly Suggest" Microwaves Can Promote Cancer, Drs. Mays Swicord and Larry Cress of FDA's Center for Devices and Radiological Health (CDRH), Microwave News, dated Jan/Feb 2003.

16) "Support FCC's reassessment of radiation standards for cell phones and other wireless products and the adoption of standards that are protective of children and reflect current use patterns: Letter from American Academy of Pediatrics (AAP) to FCC Chairwoman Clyburn and FDA Commissioner Hamburg, dated 08/29/2013.

17) 'Do current cell-phone radiation rates underestimate exposure?': Consumer Reports News, dated 10/19/2011.

18) Cell-phone radiation: Consumer Reports News, dated 01/2011

19) How risky is cell-phone radiation?: Consumer Reports News, dated 01/2011

20) New regulation for the sale of mobile phones as of 2014: Health, Food Chain Safety and Environment Belgium, http://health.belgium.be/eportal/19089508_EN, dated 10/22/2013

21) Multifocal Breast Cancer in Young Women with Prolonged Contact between their breasts and their cellular phones: John G. West, Nimmi S. Kapoor, Shu-Yuan Liao, June W. Chen, Lisa Bailey, and Robert A. Nagourney, dated 08/19/2013.

22) Cell phones: modern man's nemesis? : Dr. Ashok Agarwal, K Makker et al, RBM Online--Vol 18. No 1.2009 148-157 Reproductive BioMedicine Online: www.rbmonline.com/Article/3628 dated 11/03/2008.

23) Research Studies (16 listed) on the EMF Connection with human testicular cancer, damaged sperm and reduced fertility compiled by Power Watch (U.K.), leading experts in electromagnetic fields, www.powerwatch.org.uk

24) Are Cells the New Cigarettes?: Maureen Dowd, The New York Times, dated 06/26/2010 .

PPSI is asking the FDA to do the following:

- 1) Consumers have a right to know the level of radiation their phones emit.
- 2) Latest science points to potential risk to children's health.
- 3) Federal standards for cell phone radiation need to be modernized from 1996.
- 4) What consumers can do to reduce exposures to cell phone radiation.
- 5) Education and awareness campaign to alert consumers of the WHO warnings.
- 6) Hold public hearings and open up a Federal Registry on the entire RFR/EMF health issues.
- 7) Print in 12 point font warning notices to consumers purchasing wireless devices.
