Response to Request for Supplemental Information**

Dear Mr. Secretary:

Please accept this correspondence and attached documentation in response to the request for supplemental information directed to the Delaware Standardbred Owners' Association dated September 26, 2013.

Name of the programming for which an exemption is requested:**Response:** Post Time**The Nature and cost of the closed captions for the programming:****Response:**

Recent closed captioning estimates for a 30 minute show with a two day turnaround or less ranged from \$237 to \$340 per episode. The show airs 50 (fifty) weeks per year. Closed captioning fees range from \$11,850 to \$17,000 annually depending on the closed captioning contractor chosen.

Exhibit 1 & Exhibit 2

These estimates do not take into account additional fees that the editor would charge to manage the process of getting the edited version of the show to the closed captioning contractor and providing the final product to the TV station.

The impact of captioning on your programming activities:

Response: Requiring the Post Time show to be offered with closed captioning is economically burdensome. This is a low budget 30 minute program that airs weekly to a local audience. The cost is approximately \$2,700 per episode. Thus the cost of closed captioning would increase the cost by 8% - 13% of the current production costs.

There is one DSOA employee who produces the show. The economic downturn over the last few years has resulted in decreased interest from potential advertisers. If an exemption is not granted, the show will likely be discontinued and the sole DSOA employee who produces the show will likely be laid off.

Your financial resources:

Response: Financial statements for the DSOA are prepared by Raymond F. Book & Associates PA, CPAs of Dover, Delaware. Documentation from 2010, 2011, and 2012 are attached to this correspondence.

Exhibit 3

Video programming distributor assistance:

Response: The DSOA has sought assistance from the TV broadcasting station (WBOC) who airs the Post Time program. Such assistance was requested in 2012 and 2013. WBOC has responded that it does not have a closed captioning machine nor is one in the budget as of October 28, 2013. WBOC has a closed captioned function for news scripts only. The Post Time show is not scripted as it includes impromptu interviews with horse professionals and enthusiasts and actual races called by the track announcer as the races proceed.

Exhibit 4 & Exhibit 5.

Additional Sponsorships:

Response: The DSOA has sought additional sources of revenue to defray the cost of closed captioning from Harrington Raceway and Casino, Dover Downs, and Ocean Downs, LLC where DSOA members race their horses but the requests have been rejected.

Exhibit 6, Exhibit 7, and Exhibit 8.

Your type of operations:

Response: The DSOA is a non profit entity organized under Section 501 (c) of the Internal Revenue Code. It is a trade association that represents the horsemen and women who compete at Delaware's two harness racetracks, Dover Downs and Harrington Raceway and Casino. Some of the members also compete at the Maryland track, Ocean Downs, LLC. The DSOA has approximately 650 members and is governed by a Board of Directors elected by the members.

Post Time is a 30 minute show produced by one DSOA staff member that airs weekly on Sunday mornings on WBOC in Salisbury, Maryland. The sole purpose of the show is to promote interest in harness racing. It includes interviews with drivers, trainers, and other horse professionals and enthusiasts as well as actual footage of important races each week. Human interest stories about horsemen and women are also regularly included. Producing Post Time is just one way that the DSOA promotes the sport of harness racing.

Affidavit:

Response: Affidavit of the Executive Director of the DSOA is attached.

Exhibit 9.

The DSOA hereby reiterates its request for an exemption from closed captioning of its Post Time show because it would be economically burdensome and place the show in jeopardy of being cancelled if required. In addition to the economic burden, the logistics of adding closed

captioning would make it nearly impossible to produce utilizing the same editor and the same broadcasting station and in this rural area, there are no other broadcasting choices.

Post Time typically includes interviews and footage shot weekly at the various tracks on which DSOA members race. The show also includes actual footage of the most important races in any given week shot by TV control at the racetrack. TV control at the track has no legal obligation to release the above referenced footage to the DSOA for its Post Time show but in the spirit of promoting the sport, it does so. The most important races are typically run on Monday nights and the tapes of individual races are not available to the DSOA staff until one or two days after a race. The editor requires 2 ½ days to put the show together and one night to express mail the tape to WBOC by Friday for Sunday airing. Turn around for adding the closed captioning is 1 – 2 days. There simply is not enough time to produce the show given these time requirements. As such, the DSOA requests that a closed caption exemption be granted for the Post Time show.

Respectfully Submitted,

A handwritten signature in cursive script that reads "Rebecca Kidner". The signature is written in black ink and is positioned above the printed name and title.

Heather,

At this time, we have not invested in a Closed Captioning machine and don't have it budgeted. The system that we use for news scripts handles the Closed Captioning for news scripts only. We don't accept Paid Programming unless it is Closed Captioned or the advertiser has a waiver from the FCC.

Re: Closed captioning

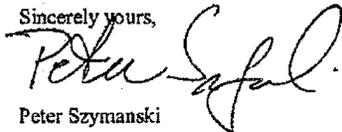

Dear Sal:

Please note that Ocean Downs is unable to help with the additional financial needs associated with the Post Time TV show of which we are a part. We currently budget \$6300 for less than two months of TV production and air time.

In our current situation, we do not have the financial wherewithal to add closed captioning costs to our budget. We simply do not have the money.

Thank you for your understanding and consideration.

Sincerely yours,

Peter Szymanski
