FCC Mail Room

To whom it may concern:

We, parents, adults, and teenagers are against the nudity and profanity used on the television programs of today. We see this as a danger to the future of our innocent children. Many of the "prime time" TV shows of today are inundated with sex scenes, nudity and profane language. We see this as a violation of our rights, by being subjected to such material. We are forced to purchase "packages" that contain a few of the channels we do want, that also contain those that we do not want. This is just another way to permeate this programming into our homes.

It is time that America stands up to the FCC regarding the profanity and nudity that we are subjected to on our televisions. I dare say there are Televisions in every household today. The FCC is the government agency that regulates television content, and we, as Christians, believe that agency is falling down on the job! It is impossible to turn a TV on and "run the channels" without coming across vulgarity and/or indecent exposure. Use of the F-word has become common place in today's society.

We, as Christian parents do not want our children and grandchildren subjected to such as this. Children learn from what they see, do, hear and say. To have such blasphemy on television, in the movies, and in today's music is absolutely uncalled for. By allowing such things as this, we are giving permission to disrespect and condone Religious intolerance. This sends out a message that God and Religion are of little or no importance.

Our society has stood by and watched, doing nothing to prevent these atrocities from happening long enough. We need to get back to clean programming that we can sit and watch as a family, without the fear of coming across the indecent exposure and vulgar language. Although there are censorships for TV, editing or omitting still leaves many shows to be offensive. We even have "adult cartoons" today! Is this just another way to pull our youth into the degradation of our society?

We must let the FCC know that we are tired of the continued corruption of our society and it will no longer be tolerated! We must make our voices be heard, and let them know that we oppose the filth that is put on television under the guise of entertainment.

If these channels must be televised, perhaps they need to have a "package" that contains the mature, x-rated, and adult supervision programming in a separate package.. That way, the rest of us would not be subjected to such filth.

We, as Christians, want to see the good wholesome programs of the past when we did not have to worry about the content being too "adult oriented" for our children and grandchildren.

IT IS TIME TO CLEAN UP OUR TELEVISION PROGRAMMING!

KEEP OUR TELEVISIONS CLEAN OF NUDITY AND VULGARITY!

If you agree with the content of this petition and want to see our television programming cleaned up, please sign below.

Sincerely,
