Dear Kevin Anderson:

The Rural Health Care (RHC) division of the Universal Service Administrative Company (USAC) received and reviewed the FCC Form 465 submitted by HCP 17223, Illinois Rural HealthNet Consortium (IRHN). IRHN submitted the FCC Form 465 listing the above named entity as a participating entity for which USAC reviewed the HCP's eligibility to participate in the Healthcare Connect Fund. An HCP must meet two criteria in order to be eligible to participate:

1. The HCP must be a public or non-profit health care provider (see 47 C.F.R. § 54.601(a)).
2. The HCP must qualify as one of the following (see 47 C.F.R. § 54.600(a)):
 - Post-secondary educational institution offering health care instruction, teaching hospital, or medical school
 - Community health center or health center providing health care to migrants
 - Local health department or agency
 - Community mental health center
 - Not-for-profit hospital
 - Rural health clinic including mobile clinic
 - Dedicated emergency room of a for-profit hospital
 - Part-time eligible entity located in otherwise ineligible facility

An HCP that does not meet these two criteria is not eligible to participate in the RHC Healthcare Connect Fund program. Based on the information provided on the submitted FCC Form 465, RHC has determined that the HCP referenced above is not eligible to participate because the HCP has been identified as:

A for-profit HCP

An ineligible HCP type

The above named HCP was listed on the FCC Form as a “Community Health Center”. USAC reviewed the services provided by HCP 33592, CGH Main Clinic and finds that it does not meet the definition of a “Community Health Center” as defined by the Public Health Services Act, Section 330.¹

The appeal **must be filed within 60 days of the date of this letter**. Detailed instructions for filing appeals are available at: <http://www.usac.org/rhc/about/program-integrity/appeals.aspx?pgm=telecom>

RE: Rural Health Care FCC Form 465 – Denial

Dear Richard Walsh:

The Rural Health Care (RHC) division of the Universal Service Administrative Company (USAC) received and reviewed the FCC Form 465 submitted by HCP 17223, Illinois Rural HealthNet Consortium (IRHN). IRHN submitted the FCC Form 465 listing the above named entity as a participating entity for which USAC reviewed the HCP's eligibility to participate in the Healthcare Connect Fund. An HCP must meet two criteria in order to be eligible to participate:

1. The HCP must be a public or non-profit health care provider (see 47 C.F.R. § 54.601(a)).
2. The HCP must qualify as one of the following (see 47 C.F.R. § 54.600(a)):
 - Post-secondary educational institution offering health care instruction, teaching hospital, or medical school
 - Community health center or health center providing health care to migrants
 - Local health department or agency
 - Community mental health center
 - Not-for-profit hospital
 - Rural health clinic including mobile clinic
 - Dedicated emergency room of a for-profit hospital
 - Part-time eligible entity located in otherwise ineligible facility

An HCP that does not meet these two criteria is not eligible to participate in the RHC Healthcare Connect Fund program. Based on the information provided on the submitted FCC Form 465, RHC has determined that the HCP referenced above is not eligible to participate because the HCP has been identified as:

A for-profit HCP An ineligible HCP type

The above named HCP was listed on the FCC Form as a “Community Health Center”. USAC reviewed the services provided by HCP 33627, SAHS ACT Oncology Center and finds that it does not meet the definition of a “Community Health Center” as defined by the Public Health Services Act, Section 330.¹

If you wish to appeal this decision, you may file an appeal with USAC, or directly to the FCC.

The appeal **must be filed within 60 days of the date of this letter**. Detailed instructions for filing appeals are available at: <http://www.usac.org/rhc/about/program-integrity/appeals.aspx?pgm=telecom>
