RE: PS Docket Nos. 13-75 and 11-60, Notice of Ex Parte Communications.

Dear Ms. Dortch:

This is to inform the Commission that on November 25, 2013, the undersigned and Jeff Cohen, APCO Chief Counsel-Law & Policy, met with Daniel Alvarez, legal advisor to Chairman Wheeler, regarding the above-referenced proceeding. We reiterated the positions set forth in APCO's previously submitted written comments and indicated general agreement with our understanding of the direction of the matter now before the Commission. In particular, APCO supports a meaningful and enforceable certification process for covered entities to verify that they are in compliance with Commission requirements concerning 9-1-1 circuit auditing, back-up power for central offices, and network monitoring. Covered entities should be defined in functional terms to include current and future providers of service to PSAPs. APCO also supports immediate and verified outage reporting to PSAPs.

Please contact the undersigned should the Commission have any questions.

Respectfully submitted,

/s/
