

As manager of Maine's Address Confidentiality Program (ACP), proof of enrollment in our ACP is an identification card. The address format we use appears on this card. An example of the format follows:

Jane Doe CN-1234  
48 SHS  
Augusta, ME 04333-0048

Because all participants in Maine's ACP share the same mailing address, which is essentially a State P.O. box, waiving the rule limiting the use of P.O. Box residential addresses for participants would be appropriate.

For the same reason, waiving the requirement for ACP participants to fill out a one per household worksheet would be appropriate, despite the need to certify that only one Lifeline benefit is being received per household.
