Global Green Generation School

Applicant Name: GLOBAL GREEN GENERATION SCHOOL

Billed Entity Number: 16062290

Form 471 Application Number: 817924

Funding Request Number(s): 2231762, 2231784, 2231819, 2231862, 2231886, 2231968

As had been stated in the original appeal, the students for Global Green Generation School came from two schools in the Vaughn Next Century Learning Center District (BEN 102555). The students came from these schools because Global Green Generation School is part of the Vaughn Next Century Learning Center District.

Per your decision letter "For public school new construction, where there are no students, program rules allow the assignment and utilization of the shared discount rate from the school district where the new construction resides" the discount rate that Global Green Generation School received does not match the discount rate of the district. Since there were no students present for the funding year of application 817924, Global Green Generation School should receive the 90% discount rate of its district, Vaughn Next Century Learning Center (Vaughn Elem BEN 102555).

Thank you
