Dear Ms. Dortch:

In connection with the FCC's November 18, 2011 *USF/ICC Transformation Order* in WC Docket Nos. 10-90, *et al.*, and in accord with 47 C.F.R. § 54.313(h)(2),¹ CenturyLink is filing

updated residential local service rates for three of its incumbent local exchange carriers in certain exchanges. CenturyLink is filing updated rates for six exchanges for CenturyTel of Eagle dba CenturyLink, four exchanges for CenturyTel of Colorado dba CenturyLink and the exchange for CenturyTel of Odon dba CenturyLink where CenturyLink's local residential rates are now above the \$14.00 local urban rate floor.² For CenturyTel of Colorado and CenturyTel of Eagle, CenturyLink is also re-filing the exchanges where rates remain below the rate floor.³ The information is provided using the FCC's Rate Floor Data Collection Form with the updated data reflecting voice rates for residential local service as of December 1, 2013.

Portions of the CenturyLink submission to the Commission include confidential information that is filed pursuant to the August 30, 2012 Third Protective Order in WC Docket Nos. 10-90, 07-135, 05-337, 03-109, GN Docket No. 09-51, CC Docket Nos. 01-92, 96-45 and WT Docket No. 10-208.⁴ This information is also protected from disclosure to the public by Sections 0.457(d) and 0.459 of the Commission's rules.⁵ The confidential information is the number of line/loop counts for certain of CenturyLink's reporting companies. The non-redacted version of the cover correspondence and each page of the submission that includes confidential information has been marked "**CONFIDENTIAL INFORMATION – SUBJECT TO PROTECTIVE ORDER IN WC DOCKET NOS. 10-90, 07-135, 05-337, 03-109, GN DOCKET NO. 09-51, CC DOCKET NOS. 01-92, 96-45, WT DOCKET NO. 10-208 BEFORE THE FEDERAL COMMUNICATIONS COMMISSION**". As such, CenturyLink requests that the non-redacted version of its submission be withheld from public inspection.

The confidential information included in these documents is competitively sensitive information and thus should not be available for public inspection. Such information would not ordinarily be

See also Third Order on Recon., FCC 12-52, 27 FCC Rcd 5622 (2012); 47 C.F.R. § 54.313(h)(2).

² In CenturyLink's annual local rate floor submission made earlier this year, the rates in these eleven exchanges were reported as below the rate floor. *See* CenturyLink's 2013 Local Rate Floor Data Submission In Accord with 47 C.F.R. § 54.313(h) (filed June 28, 2013). As such, this filing seeks to eliminate the reduction in high-cost support that resulted from the rates in these exchanges being below the rate floor.

³ CenturyTel of Odon has only one exchange, so there are no other exchanges to re-file.

made available to the public. Release of the confidential information in the submission would have a substantial negative competitive impact on CenturyLink. Accordingly, the non-redacted information in question is appropriate for non-disclosure under sections 0.457(d) and 0.459. Pursuant to 47 C.F.R. § 0.459(b), CenturyLink provides justification for the confidential treatment of this information in the Appendix to this letter.

For the non-redacted version of the submission, CenturyLink is providing to the Office of the Secretary an original hard copy of the cover letter and attached pages, along with an extra copy of the submission to be stamped and returned to the courier. In addition, CenturyLink is transmitting two hard copies of the non-redacted cover letter and attached pages to Alex Minard of the Wireline Competition Bureau. Because it was not feasible to separate out the confidential information, *see* 47 C.F.R. § 0.459(a), without destroying the integrated nature of the information presented in this submission, CenturyLink is also filing today under separate cover, via the Commission's Electronic Comment Filing System (ECFS), a redacted version of its submission. The redacted version of the cover correspondence and each page of the submission (mirroring the corresponding page of the non-redacted version with confidential information) is marked "**REDACTED – FOR PUBLIC INSPECTION,**" with the confidential information omitted.

This cover letter includes no confidential information and the text is the same in both the non-redacted and redacted versions except for the confidentiality markings and the annotation on the initial page noting the manner of submission.

Under separate cover, CenturyLink is also simultaneously transmitting the content of this submission (including the confidential information) today to the Universal Service Administrative Company.

Please contact me via the above contact information or Jeff Lanning in CenturyLink's Federal Regulatory Affairs office (202-429-3113) if you have any questions.

Sincerely,

/s/ Tiffany West Smink

REDACTED – FOR PUBLIC INSPECTION

APPENDIX

Confidentiality Justification

CenturyLink requests confidential treatment of certain information enclosed with its updated 2013 local rate floor data submission in WC Docket Nos. 10-90, 07-135, 05-337, 03-109, GN Docket No. 09-51, CC Docket Nos. 01-92, 96-45 and WT Docket No. 10-208. This information, which includes detailed information on company voice rate information identified by number of line/loop counts, is competitively sensitive and its disclosure would have a negative competitive impact on CenturyLink. Such information would not ordinarily be made available to the public, and should be afforded confidential treatment under both 47 C.F.R. §§ 0.457 and 0.459. In addition, the confidential information is protected from disclosure under the August 30, 2012 Third Protective Order in the above-referenced dockets.⁶

47 C.F.R. § 0.457

Specific information in the submission for certain CenturyLink affiliates related to voice rate data (as to number of line/loop counts) is confidential and proprietary to CenturyLink as “commercial or financial information” under section 0.457(d). Disclosure of such information to the public would risk revealing company-sensitive proprietary information and have a harmful competitive effect on CenturyLink’s ongoing business enterprise and its operations. Therefore, in the normal course of Commission practice this information should be considered “Records not routinely available for public inspection.”

47 C.F.R. § 0.459

Specific information related to voice rate data (as to number of line/loop counts) is also subject to protection under 47 C.F.R. § 0.459, as demonstrated below.

Information for which confidential treatment is sought

CenturyLink requests that the specific information related to voice rate data in its submission regarding number of line/loop counts be treated on a confidential basis under Exemption 4 of the Freedom of Information Act. This information is competitively sensitive data that CenturyLink maintains as confidential and does not normally make available to the public. Release of the information would have a substantial negative competitive impact on CenturyLink. The non-redacted version of the cover correspondence and each page of CenturyLink’s submission that

⁶ 27 FCC Rcd 10276 (2012).

includes confidential information is marked “**CONFIDENTIAL INFORMATION – SUBJECT TO PROTECTIVE ORDER IN WC DOCKET NOS. 10-90, 07-135, 05-337, 03-109, GN DOCKET NO. 09-51, CC DOCKET NOS. 01-92, 96-45, WT DOCKET NO. 10-208 BEFORE THE FEDERAL COMMUNICATIONS COMMISSION**”.

Commission proceeding in which the information was submitted

The information is being submitted in connection with CenturyLink’s submission in response to 47 C.F.R. § 54.313(h)(2), as filed in WC Docket Nos. 10-90, 07-135, 05-337, 03-109, GN Docket No. 09-51, CC Docket Nos. 01-92, 96-45 and WT Docket No. 10-208.

Degree to which the information in question is commercial or financial, or contains a trade secret or is privileged

The competitive information designated as confidential in the submission is detailed information on the number of line/loop counts in connection with voice rates for residential local service, including those rates below the local urban rate floor. As noted above, this data is competitively sensitive information that is not normally released to the public, as such release would have a substantial negative competitive impact on CenturyLink.

Degree to which the information concerns a service that is subject to competition; and manner in which disclosure of the information could result in substantial competitive harm

This type of commercial information would generally not be subject to routine public inspection under the Commission’s rules (47 C.F.R. § 0.457(d)), demonstrating that the Commission already anticipates that the release of this kind of information likely would produce competitive harm. CenturyLink confirms that release of the information designated as confidential in its submission would cause it substantial competitive harm by allowing its competitors to become aware of sensitive proprietary information regarding the operation of CenturyLink’s business.

Measures taken by CenturyLink to prevent unauthorized disclosure; and availability of the information to the public and extent of any previous disclosure of the information to third parties

CenturyLink has treated and treats the non-public information included in its submission (in non-redacted form) as confidential and has protected it from public disclosure to parties outside the company.

Justification of the period during which CenturyLink asserts the material should not be available for public disclosure

REDACTED – FOR PUBLIC INSPECTION

CenturyLink cannot determine at this time any date on which this information should not be considered confidential or would become stale for purposes of the current matters, except that the information would be handled in conformity with general CenturyLink records retention policies, absent any continuing legal hold on the data.

Other information that CenturyLink believes may be useful in assessing whether its request for confidentiality should be granted

Under applicable Commission and court rulings, the information in question should be withheld from public disclosure. Exemption 4 of the Freedom of Information Act shields information that is (1) commercial or financial in nature; (2) obtained from a person outside government; and (3) privileged or confidential. The information in question satisfies this test.
