Re: CC Docket No. 96-45/WC Docket No. 10-90, Annual State-Certification of Support for Eligible Telecommunications Carriers Pursuant to 47 C.F.R. Sections 54.314

Pursuant to the requirements of 47 C.F.R. § 54.314, the California Public Utilities Commission hereby certifies to the Federal Communications Commission and the Universal Service Administrative Company that the telecommunications carriers included in this letter are eligible to receive federal high-cost support for the 2014 program year. Accordingly, these companies should be added to the *List of California Certificated Carriers for Federal High-Cost Fund Support for 2014* issued in my letter dated October 1, 2013, to the FCC and USAC (attached).

The California Public Utilities Commission certifies for the carriers listed in Attachment A that federal high-cost support provided to such carriers within California was used in the preceding calendar year 2012 and will be used in the coming calendar year 2014 only for the provision, maintenance, and upgrading of facilities and services for which the support is intended.¹

If you have questions regarding the California annual ETC certification, please contact Angel AhSam at (415) 703-5482.

Sincerely,

Paul Clanon
Executive Director

Enclosures: Attachment A
October 1, 2013, letter to FCC and USAC

¹ 47 C.F.R. §54.314(a) ("Certification. States that desire eligible telecommunications carriers to receive support pursuant to the high-cost program must file an annual certification with the Administrator and the Commission stating that all federal high-cost support provided to such carriers within that State was used in the preceding calendar year and will be used in the coming calendar year only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. High-cost support shall only be provided to the extent that the State has filed the requisite certification pursuant to this section.").
