Dear Ms. Dortch,

The Hartford Public Library is respectfully requesting a waiver of Universal Service Fund Form 471 as it was lost in the United States Postal Service. We are asking for an out-of-window filing waiver for form 471 Application number 883944. Corrections were made to the application, but were lost. There are special circumstances with regard to the corrections due to changes in service providers. We are a rural public library in a low income community. Our services are vital to the community and budgets are slim.

Respectfully submitted,

Stephanie Daniels, Director
