Re: MB Docket No. 13-249, FCC 13-139
Request for Extension for
Reply Comments

Dear Ms. Dortch:

On behalf of the Association of Federal Communications Consulting Engineers ("AFCCE") this letter is to request a 60-day extension of the Media Bureau's Docket No. 13-249 reply comments due on February 18, 2014.

AFCCE is very interested in this docket. AFCCE timely filed extensive comments that addressed the many topics raised in the Notice of Proposed Rule Making in the matter of Revitalization of the AM Radio Service, MB Docket No. 13-249. It is noted that there were a considerable number of comments filed (approximately 150) and AFCCE has formed a committee to review and, if possible, generate reply comments.

Due to the inclement weather and scheduling conflicts, the committee needs more time to review the filed comments. The majority of this committee still performs AM broadcast field services and the extra time is to accommodate their schedule.
