**Important Notice Regarding Discontinuance of Complete Dynamic ATM Service
provided by tw telecom of arizona llc**

Dear Customer,

In 2012, we notified you that the equipment currently being used to provision the Complete Dynamic ATM service is no longer supported in **tw telecom's** current product portfolio. At that time, we allowed you to continue to use your service as long as you did not require any modifications/additions to your existing services. The time has come, however, to remove the outdated equipment supporting the Complete Dynamic ATM service from our network. This letter serves as formal notice that, subject to the approval of the Federal Communications Commission ("FCC"), **tw telecom of arizona llc** plans to discontinue the Complete Dynamic ATM service at the above-referenced location on or after March 12, 2014.

In order to maintain continuous service at your location, we need to begin migration of your service to another **tw telecom** service that will best benefit your business or move your service to another telecommunications service provider by March 12, 2014. Provided that the FCC approves the proposed discontinuance, **if you have not made arrangements to replace your Complete Dynamic ATM service prior to March 12, 2014, please be advised that your service will be disconnected on or after March 12, 2014.**

We would like to work with you to migrate your service to the Converged Services platform currently offered by **tw telecom**, which is based on the latest equipment and communications technology. Converged Services allow you to fully integrate Voice (analog lines, PRI, digital trunks) with data (VPN) and/or Internet and Security services on a single connection. Data, Internet and Voice services dynamically share all bandwidth, and the voice traffic is always prioritized over data.

If you wish to contact me to discuss Converged Services or another service offering from **tw telecom**, you may do so at the number or email provided below.

If you also subscribe to other services from **tw telecom**, those services will NOT be impacted by the anticipated discontinuance of the Complete Dynamic ATM service. Your other services will remain in place with no change to the applicable rates, terms, or conditions.

We sincerely regret any inconvenience this may cause you and your organization, but look forward to continuing our relationship and providing a new service that meets your telecommunications needs. **tw telecom** is dedicated to providing the finest business communications services and customer care available, allowing you to focus on your business. Please contact me before March 12, 2014 to talk about **tw telecom's** Converged Services or our other communications solutions that may best fit your business.

Sincerely,
