Comment: FCC,

Please do not allow cell phones on aircraft. I'm a frequent flyer and a businessman BUT I too need my "sleep time" and privacy. Can't imagine going from SFO to JFK with someone sitting next to me or close by talking the whole way. I'd rather not BE FORCED to listen to conversations for hours because that's what's going to happen. The increased airline revenue SHOULDN'T be the determining factor in your decision. Please rule for "common sense" and continue the cell phone ban on aircraft. Thank you.

Sincerely,

Bill Buckner
