Title: Expanding Access to Mobile Wireless Services Onboard Aircraft

FR Document Number: 2013-31203

RIN:

Publish Date: 1/15/2014 12:00:00 AM

Submitter Info:

First Name: Sarah

Last Name: Roberts

Mailing Address: 2680 a paddock drive

City: Wasilla

Country: United States

State or Province: AK

ZIP/Postal Code: 99654

Comment: Please do not let cell phone use occur in air. Reason 1, my health and safety, as a flight attendant, I already expose myself to toxic fumes, hypoxia, atmospheric radiation, as well as the tsa electro-magnetic screener daily at work. I don't want to expose my body to more radiation coming from cellphones working 8-12 hours a day. Cell phones send out quite a signal when transmitting and each ray of each phone on, will land on some part of my body every second I am at work. God I hope all of these great devices don't ruin us with cancers. I feel very expose as a crew member on the plane. Reason 2, safety to passengers for above reason as well as if there is an emergency. Reason 3 comfort for the whole airplane. Nobody want to hear each other's personal conversations in such close quarters with so many people.
