OET ANNOUNCES AGENDA FOR WORKSHOP ON INTER-SERVICE INTERFERENCE PREDICTION

GN Docket No. 12-268
ET Docket No. 14-14

On January 29, 2014, the Commission's Office of Engineering and Technology (OET) Commission's Incentive Auction Task Force released a Public Notice seeking comment on a methodology for predicting potential interference between broadcast television and licensed wireless services.¹ In the Inter-Service Interference Checking PN, we announced that a workshop would be held on February 21, 2014, where our staff could provide further detail and answer questions from interested parties.

Presenting will be Julie Knapp, OET Chief, accompanied by other OET staff including Matthew Hussey, Associate Chief for Policy; Robert Weller, Chief, Technical Analysis Branch; Barbara Pavon, Electronics Engineer; Martin Doczkat, Electronics Engineer; as well as Brett Tarnutzer, Assistant Chief of the Wireless Telecommunications Bureau

The workshop is scheduled for **Friday, February 21, 2014, from 1:00 p.m. to 3:30 p.m. (EST)**. The workshop will be held in the Commission Meeting Room at FCC Headquarters, located at 445 12th Street, SW, Room TW-C305, Washington, DC 20554, and is free and open to the public. Following the panel discussion, there will be time dedicated for panelists to answer questions from the audience.

The tentative agenda is outlined below:
