## Statement of CPNI Procedures and Compliance

The Velocity Companies adhere to all CPNI rules as stated in §§64.2001 – 64.2011 concerning the proper use of our customer's CPNI. Specifically, our notice for use of CPNI approval process meets all requirements as listed in Section 64.2008. To further protect our customer's privacy, we have implemented all safeguards required in Section 64.2009. This includes:

- The implementation of a system by which the status of a customer's CPNI approval can be clearly established prior to the use of CPNI; the establishment of a password system allowing only authorized entities to request and receive CPNI for their respective accounts;
- The training of appropriate personnel as to when they are, and are not, authorized to use CPNI and the documentation of this training;
- The implementation of an express disciplinary process for CPNI violations up to and including termination;
- The maintenance of a record, for at least one year, of our own, and our affiliates' sales and marketing campaigns;
- The establishment of a supervisory review process regarding carrier compliance with the federal CPNI rules for outbound marketing situations; and
- The establishment of annual certification by a corporate officer with personal knowledge of the companies' telecommunications policies and procedures to ensure compliance with the federal CPNI rules;
- The establishment of procedures for notification of the Commission of any instance where opt-out mechanisms, do not work properly, to such a degree that consumers' inability to opt-out is more than an anomaly.
