I am not sure if I selected the correct discussion group but I hope that if I did not you will forward these comments to the appropriate location.

I am writing today to voice my concern over the proposed buy-out of Time-Warner Cable by Comcast. This will not benefit the consumer and will result in a monopoly of the cable industry as we now know it. The power that this merger will create should scare all of us. Price fixing and lack of competition will result. I ask that you block this merger will all and any power that you may possess.

Thank you for your time today.

Sincerely,

Louis & Betty Honigfort
