Dear Ms. Dortch:

Electronic Corporate Pages, Inc. hereby expresses interest in participating in the Commission's rural broadband experiments to provide robust, scalable high-speed broadband to unserved high-cost areas with additional Connect America funding.¹ Electronic Corporate Pages, Inc. is an established Wireless Internet Service Provider serving rural areas of Texas, and proposes deployment as follows.

Proposed Service Area

Milam, Burnet and Lee County, Texas census tracts.

The experiment will provide broadband service to 6,332 high-cost locations and 853 extremely-high-cost locations in census blocks lying within these unserved eligible census tracts:

48331950100, 48331950300, 48331950401, 48331950402, 48331950500, 48331950800.

Proposed Services

VoIP and Broadband services with broadband transmission speeds of 5 Mbps downstream/ 1 Mbps upstream provided over Fixed Wireless Terrestrial Technology.

Funding

Because the unserved high-cost census blocks within the selected Census Tracts have yet to be identified, Electronic Corporate Pages, Inc. is not yet able to estimate the construction costs and the amount of funding required. Those costs will be identified if and when a formal proposal is submitted.

Electronic Corporate Pages, Inc expects service to begin within the proposed unserved high-cost census tracts to within 18 months of the start of construction.

Electronic Corporate Pages, Inc. appreciates the opportunity to provide this non-binding expression of interest. Please contact the undersigned with any questions.
