

Exhibit 2-B presents the distribution of these 7 million housing units across the United States. The number of unserved housing units in each county is calculated based on the

methodology described below. That number is then divided by the total number of housing units in the county to get the percentage of homes served.

Exhibit 2-B:
Availability of Broadband Networks Capable of Meeting the National Broadband Target

Piscataquis County in light green

FCC Order on Experiments with Three Ring Binder

FCC Order on Experiments: Potential High Cost and Extremely High Cost Projects by Census Tract. Map also includes Three Ring Binder and CAF II Census Blocks (unchecked to start).
