The Consti tution guarantees Freedom of the Press! Freedom of Speech and Expressi on!
These two Rights make it very clear that any attempt to impede these Rights violates
the Consti tution of the United States. The Internet is a place for all citizens to
express themselves and allowing Corporations to deregulate and undo the Net as we
know it clearly violates our Rights and our ability to use the Internet as a free
way to Report, Express and Voice our opinions and thoughts and diversi ty. Please
